

## PRIVACY IMPACT ASSESSMENT (PIA)

For the

Automated Stoppage and Referral System/Priority Placement Program

Defense Human Resources Activity

### SECTION 1: IS A PIA REQUIRED?

a. Will this Department of Defense (DoD) information system or electronic collection of information (referred to as an "electronic collection" for the purpose of this form) collect, maintain, use, and/or disseminate PII about members of the public, Federal personnel, contractors or foreign nationals employed at U.S. military facilities internationally? Choose one option from the choices below. (Choose (3) for foreign nationals).

- (1) Yes, from members of the general public.
- (2) Yes, from Federal personnel\* and/or Federal contractors.
- (3) Yes, from both members of the general public and Federal personnel and/or Federal contractors.
- (4) No

\* "Federal personnel" are referred to in the DoD IT Portfolio Repository (DITPR) as "Federal employees."

b. If "No," ensure that DITPR or the authoritative database that updates DITPR is annotated for the reason(s) why a PIA is not required. If the DoD information system or electronic collection is not in DITPR, ensure that the reason(s) are recorded in appropriate documentation.

c. If "Yes," then a PIA is required. Proceed to Section 2.

**SECTION 2: PIA SUMMARY INFORMATION**

a. Why is this PIA being created or updated? Choose one:

- New DoD Information System
- New Electronic Collection
- Existing DoD Information System
- Existing Electronic Collection
- Significantly Modified DoD Information System

b. Is this DoD information system registered in the DITPR or the DoD Secret Internet Protocol Router Network (SIPRNET) IT Registry?

- Yes, DITPR      Enter DITPR System Identification Number
- Yes, SIPRNET      Enter SIPRNET Identification Number
- No

c. Does this DoD information system have an IT investment Unique Project Identifier (UPI), required by section 53 of Office of Management and Budget (OMB) Circular A-11?

- Yes
- No

If "Yes," enter UPI

If unsure, consult the Component IT Budget Point of Contact to obtain the UPI.

d. Does this DoD information system or electronic collection require a Privacy Act System of Records Notice (SORN)?

A Privacy Act SORN is required if the information system or electronic collection contains information about U.S. citizens or lawful permanent U.S. residents that is retrieved by name or other unique identifier. PIA and Privacy Act SORN information should be consistent.

- Yes
- No

If "Yes," enter Privacy Act SORN Identifier

DoD Component-assigned designator, not the Federal Register number.  
Consult the Component Privacy Office for additional information or  
access DoD Privacy Act SORNs at: <http://www.defenselink.mil/privacy/notices/>

or

Date of submission for approval to Defense Privacy Office   
Consult the Component Privacy Office for this date.

**e. Does this DoD information system or electronic collection have an OMB Control Number?**

Contact the Component Information Management Control Officer or DoD Clearance Officer for this information.

This number indicates OMB approval to collect data from 10 or more members of the public in a 12-month period regardless of form or format.

**Yes**

**Enter OMB Control Number**

**Enter Expiration Date**

**No**

**f. Authority to collect information. A Federal law, Executive Order of the President (EO), or DoD requirement must authorize the collection and maintenance of a system of records.**

(1) If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be the same.

(2) Cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply.)

(a) Whenever possible, cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.

(b) If a specific statute or EO does not exist, determine if an indirect statutory authority can be cited. An indirect authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.

(c) DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component should be identified.

As documented in SORN OPM/GOV-5, the authority to collect information is cited in the following laws and executive orders:

5 U.S.C. 1302, 3109, 3301, 3302, 3304, 3305, 3306, 3307, 309, 3313, 3317, 3318, 3319, 3326, 4103, 4723, 5532, and 5533, and Executive Order 9397.

**g. Summary of DoD information system or electronic collection. Answers to these questions should be consistent with security guidelines for release of information to the public.**

(1) Describe the purpose of this DoD information system or electronic collection and briefly describe the types of personal information about individuals collected in the system.

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, these records or information contained therein may specifically be disclosed outside the DoD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

To other Federal Agencies for filling vacant positions; to law enforcement or investigatory authorities for investigation and possible criminal prosecution, civil court action, or regulatory order.

(2) Briefly describe the privacy risks associated with the PII collected and how these risks are addressed to safeguard privacy.

Risks include unauthorized access and distribution of PII. During the face to face sessions with authorized HR representatives from the Components, the DoD civilian provides SSN, name, address, and contact information. ASARS is CAC enabled. The database is stored in a secure area which is accessible only through electrically controlled doors and cipher locks. The back-up tapes are stored in a vault when not in use.

**h. With whom will the PII be shared through data exchange, both within your DoD Component and outside your Component (e.g., other DoD Components, Federal Agencies)? Indicate all that apply.**

**Within the DoD Component.**

Specify.

CARE Coordinators and ASARS system administrators will have access to PII. They will have read access, but they will not be able to share this information.

**Other DoD Components.**

Specify.

**Other Federal Agencies.**

Specify.

**State and Local Agencies.**

Specify.

**Contractor** (Enter name and describe the language in the contract that safeguards PII.)

Specify.

**Other** (e.g., commercial providers, colleges).

Specify.

**i. Do individuals have the opportunity to object to the collection of their PII?**

**Yes**

**No**

(1) If "Yes," describe method by which individuals can object to the collection of PII.

During the face-to-face sessions with a human resources representative, the DoD civilian can object to providing his or her SSN. The HR representative would then populate the SSN field in ASARS with a dummy number, and notify the PPP administrators of this. Name, address, and contact information must be provided because the DoD civilian will be placed against open positions and eventually contacted by the HR representative.

(2) If "No," state the reason why individuals cannot object.

**j. Do individuals have the opportunity to consent to the specific uses of their PII?**

**Yes**

**No**

(1) If "Yes," describe the method by which individuals can give or withhold their consent.

The only use for PII within the system is for identification purposes. If an individual does not consent to this use of their PII, they can withhold their SSN. In this event, the HR representative would populate the SSN field in ASARS with a dummy number, and notify the PPP administrators of this. However, their name, address, and contact information must be provided because the DoD civilian will be placed against open positions and eventually contacted by the HR representative.

(2) If "No," state the reason why individuals cannot give or withhold their consent.

\_\_\_\_\_

k. What information is provided to an individual when asked to provide PII data? Indicate all that apply.

- Privacy Act Statement                       Privacy Advisory  
 Other     None

Describe each applicable format.

PRIVACY ACT STATEMENT: Sections 1301, 3302, 3502 of Title 5, U.S. Code provide for the issuance of rules governing the competitive service and authorize solicitation of this information. Gaining and releasing activities use this information to place registrants, report actions and update data as well as refer names to potential employers or to provide information to you about potential employment. Furnishing the requested information is voluntary, but failure to provide it may result in missed opportunity for proper placement or reemployment under the respective placement assistance program.

E.O. 9397 authorizes use of the Social Security Number (SSN) as the means of identifying individuals in personnel information systems to provide placement assistance. Your SSN will only be used to ensure accurate program registration. Furnishing your SSN is voluntary, but failure to do so may result in not obtaining placement consideration.

**NOTE:**

**Sections 1 and 2 above are to be posted to the Component's Web site. Posting of these Sections indicates that the PIA has been reviewed to ensure that appropriate safeguards are in place to protect privacy.**

**A Component may restrict the publication of Sections 1 and/or 2 if they contain information that would reveal sensitive information or raise security concerns.**
