⁵⁶ The 105th Tactical Air Support Group, NY ANG, was redesignated the 105th Military Airlift Group on 1 May 1984 and prepared to receive C-5A aircraft starting in July 1985. Those changes marked the ANG's return to the strategic airlift mission which it had left temporarily in September 1974 with the phasing out of C-124s at the 158th MAS, Georgia ANG.

⁵⁷ Rpt (U), "[FY] 1985 Annual Review of the Chief, National Guard Bureau," p. 70.

⁵⁸ NGB-PAI lineage files for 154th Composite Wing, Hawaii ANG, indicate that the FY 1985 Annual Review of the Chief, NGB erred in indicating the ANG had a composite squadron in 1985. Instead, the 154th Composite Group possessed one fighter squadron, the 199th, in 1985. That meant the ANG had 35 TFSs not the reported 34 TFSs and 1 composite squadron in 1985.
