

**Announcement**

Amazon Web Services' US GovCloud Infrastructure as a Service offering has been granted an extension to its conditional DoD provisional authorization for Impact Level 4 pilot. The extension expires 27 January 2016. If a mission owner is interested in piloting a capability using this service, please contact [disa.meade.re.mbx.disa-commercial-cloud@mail.mil](mailto:disa.meade.re.mbx.disa-commercial-cloud@mail.mil)

The DISA AO granted a DoD provisional authorization at Impact Level 4 to the DoD Oracle Service Cloud (DoD-OSC) Software as a Service offering. This cloud service offering has been added to the catalog of services available for DoD use.
