

Department of Defense Launches MilitaryChildCare.com at Naval Station Mayport

Website Provides Families a Single Online Gateway to Military Child Care

Families at Naval Station Mayport will have access to a new Department of Defense (DoD) website on 30 June 2015 designed to simplify and improve the child care request for care process.

MilitaryChildCare.com (MCC) provides a single online gateway for families to access military-operated or military-subsidized child care options worldwide across all Services. The site enables families to create a household profile, conduct child care searches, submit requests for care, and manage their requests at any time and from any location.

The new DoD site – which is being introduced worldwide in phases – offers a more streamlined approach to finding and requesting care, expedites placement through a standardized request process and waitlist management tools, and provides reports that help programs better plan for future placement needs.

Through MilitaryChildCare.com, eligible families can search and request care for full day and part day options in facility-based and home-based programs for children from birth through age 12. Families may remain on a preferred program's waitlist even after being offered care or enrolling in another program.

Families at Naval Station Mayport who were currently on waitlists were automatically transitioned to the new web-based system. These families will retain the original date of their request(s) for care, and all program enrollment processes will remain the same.

For additional information, go to MilitaryChildCare.com or contact the Help Desk by calling the toll free number, 855.696.2934 or emailing FamilySupport@MilitaryChildCare.com.
