CNIC INSTRUCTION 1001.2

From: Commander, Navy Installations Command

Subj: CNIC RESERVE ENTERPRISE OPERATIONAL SUPPORT REPORTING PROGRAM

Ref: (a) CNRFC Periodic Operational Support Reporting Standard Operating Procedure

Encl: (1) CNIC Reserve Enterprise Unit Listing
(2) Sample Quarterly Productivity Report Unit Data Capture Sheet (DCS)

1. Purpose. To establish Commander, Navy Installations Command (CNIC) policy and assign responsibilities regarding the compiling and submitting of the Semi-Annual Operational Support Report (SOSR), the Quarterly Productivity Report (QPR) and the Monthly Operational Support Officer Report (MOSOR).

2. Background

a. The policies and responsibilities in this instruction are applicable to all Reserve Component (RC) units in the CNIC hierarchy. See Enclosure (1) for a list of units in the CNIC Reserve Enterprise.

b. The SOSR provides routine and systematic reporting of RC operational support to CNIC and the Navy as a whole. Additionally, it provides a snapshot of the number and location of mobilized CNIC RC members.

c. The QPR measures the percentage of RC annual entitlements (24 days of Inactive Duty Training (IDT) and 12 days of Annual Training (AT)) utilized to provide direct support to CNIC.

d. The MOSOR captures examples of RC support of significant interest for Chief of Naval Reserves, Flag Officers and external audiences.

3. Policy

a. Semi-Annual Operational Support Report (SOSR).

(1) The SOSR will be submitted on or before April and October 22nd of each calendar year.

(2) Section one of the SOSR will contain specific accounts of RC support to CNIC and the Navy as a whole during the previous six month period. The information will be organized by unit type and should be concise and quantified. Example inputs:

(a) 113 Reservists supported the EURAFSWA ROC during FY13, providing watch stander support. This 24/7 augmentation accounted for 50% of the ROC manning requirements and provided over \$943,000 in cost savings to the EM program.

(b) One MC2 provided 246 man-days of PAO support to Navy Region Hawaii to mitigate the FY12 loss of three active MC billets.

(c) Following the attacks in Benghazi, 14 Reservists provided 384 man-days of support to NAS Sigonella galley during surge operations and enabled preparation of 1,500 meals daily (4x normal). During the same period, RC personnel augmented the flight line at NSA Souda Bay for 60 man-days assisting in coordination of joint aircraft operations.

(d) NR Meridian NSF, using 2 SELRES on rolling two week periods, provided 365 man-days of support to NAS Meridian in FY13 due to the unexpected loss of 11 military and DoD civilian security personnel.

(3) Section two of the SOSR will be a snapshot of the number and location of the CNIC RC members who are mobilized at the time of submission.

(4) Section three of the SOSR will be the QPR.

b. Quarterly Productivity Report.

(1) The QPR will be submitted on or before the 22nd of January, April, July and October of each year.

(2) In the months it coincides with the SOSR it will be submitted as Section 3 of the SOSR.

(3) The QPR is primarily intended to provide data on the percentage of entitlement days used in direct support of CNIC. The number of direct support days using Active Duty for Training (ADT), Active Duty for Special Work (ADSW), Additional Training Periods (ATPs) and Reserve Management Periods (RMPs) will be captured as a separate metric.

(4) It is understood that 100 percent of the entitlement time will not be utilized in direct support to CNIC. This permits each RC member to maintain mobilization readiness, and other training and administrative issues as directed by Commander Navy Reserve Forces Command (CNRFC).

(5) Direct Support Time. Direct Support Time is time in support of CNIC activities. These activities include but are not limited to the following:

(a) Watchstanding.

(b) Training and qualification requirements for watchstanding (schools and watchstanding under instruction).

(c) Training requirements to maintain watchstanding qualification.

(d) AT days and IDT days spent at the gaining command working for the gaining command staff.

(e) Exercise support.

(f) Tasks as assigned in support of the gaining command (e.g. instruction writing, products as assigned).

(6) Reserve Readiness Time. Reserve readiness time is defined as time spent completing requirements for mobilization training and readiness as defined by CNRFC. Examples include, but are not limited to:

(a) Working on reserve administrative requirements such as fitness reports, evaluations, creating Navy Reserve Order Writing System (NROWS) orders, reports not requested by CNIC, Plan of the Month production.

(b) Maintaining medical or dental readiness.

(c) Physical Fitness Assessment (PFA)-related activities.

(d) Navy wide training such as General Military Training (GMT), Information Assurance, Trafficking in Persons, Anti-Terrorism Force Protection (ATFP) and Sexual Assault Prevention and Response (SAPR).

c. Monthly Operational Support Officer Report (MOSOR). Per reference (a), the CNIC HQ Operational Support Officer (OSO) is required to submit the MOSOR to CNRFC on the fourth Tuesday of each month. Therefore, units should have their MOSOR submitted no later than the third Friday of each month.

4. Responsibilities

a. Reserve Deputy Commander CNIC HQ is responsible for:

(1) The final compilation and submission of the SOSR and QPR to CNIC HQ Chief of Staff.

(2) The periodic updating of the data capture sheet (DCS) as shown in enclosure (2). DCSs to be updated will be provided to each unit via their OSO.

(3) The annual review of this instruction.

(4) Sending out a quarterly data call to the Navy Reserve Regional Operations Center (NR ROC) Commanding Officers and the CNIC HQ OSO.

(5) Establishing the suspense dates for data submission and report inputs.

b. CNIC HQ OSO is responsible for:

(1) Updating the CNIC Reserve Enterprise Unit Listing as shown in enclosure (1), as needed.

(2) Sending out a quarterly data call to the Region OSOs and providing the DCSs to be completed by each unit.

(3) Compiling the inputs for the SOSR and collecting DCSs for the QPR from the region OSOs and submitting to the Reserve Deputy Commander CNIC HQ.

(4) Compiling the data for section 2 of the SOSR, which is a snapshot of the number and location of the mobilized CNIC RC members.

(5) Submitting the MOSOR to CNFRC per reference (a).

c. CNIC Region OSOs are responsible for:

(1) Sending out the quarterly data call to unit commanding officers in their region and providing the DCSs to be completed by each unit.

(2) Compiling the inputs for the SOSR and collecting DCSs for the QPR from the unit commanding officers and submitting to the CNIC HQ OSO.

(3) Compiling the inputs for the MOSOR and submitting them in a timely manner to the CNIC HQ OSO.

d. Reserve Unit Commanding Officers are responsible for:

(1) Semi-annual submission of SOSR inputs in a timely manner to their region OSO.

(2) Compiling the data to accurately fill out their unit's DCS.

(3) Quarterly submission of the DCS in a timely manner to their region OSO.

(4) Submitting the MOSOR in a timely manner to the region OSO.

5. Records Management. Records created as a result of this instruction, regardless of media and format, shall be managed in accordance with SECNAV M-5210.1.

ANNE RATHMELL DAVIS
Deputy Commander
