## Accessing eMASS

eMASS is a web-based application and is accessible via the URL address of an Organization's instance of eMASS. Users should check with their local eMASS System Administrator (SA) to determine if any Organization-specific requirements need to be met. A list of Organizational SA's and instance-specific eMASS URLs may be found in the 'References' section located at the end of this document.

After navigating to the URL for their eMASS instance, users will be prompted to select their DoD PKI Certificate as shown in Figure 1. The user will then be directed to the eMASS Site Agreement screen in Figure 2. Click the New User Registration button at the bottom of the page to proceed.

## eMASS Site Agreement

You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only. By using this IS (which includes any device attached to this IS), you consent to the following conditions:

- ▶ The USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.
- ▶ At any time, the USG may inspect and seize data stored on this IS.
- ▶ Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG authorized purpose.
- ▶ This IS includes security measures (e.g., authentication and access controls) to protect USG interests--not for your personal benefit or privacy.
- ▶ Notwithstanding the above, using this IS does not constitute consent to PM, LE or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential. See User Agreement for details.

## New User Registration

Complete all required fields (identified in bold text and with a red asterisk) on the New User Registration screen as shown in Figure 3. eMASS populates select information fields, such as First Name and Last Name directly from the user's DoD PKI certificate. Email Notification Preferences on the right of the New User Registration screen allow users to configure which type(s), and how often eMASS will send notifications. The Workload Tasks section at the bottom of Email Notification Preferences allows a user to set how often they will receive a Workload Task summary email of required actions. Once the form is complete, click [Save].

## Verify Account Email

After clicking [Save], a confirmation message appears, as shown in Figure 4, and eMASS sends the user a verification email.

### Pending Account

 Your eMASS user account request has been created and a verification email has been sent to test@testbah.com. Please navigate to the link provided in the email inside your web browser to confirm your email address. Your user account request will be sent to the eMASS System Administrator and Organization Administrator after your email address is verified.

**Figure 4: Pending Account**

A user verifies their email address by navigating to their email verification link as shown in Figure 5. The organization’s SA will then receive a workload task alerting them of a pending user account request.

To:  Carpenter, Jacquelynn [USA]

Thank you for your user account request to the eMASS system at <https://emass-airforce.csd.disa.mil/>. Please go to <https://emass-airforce.csd.disa.mil/Public/VerifyEmailUpdate/4c8c37d9-869d-45d9-9d8b-0a9914b06adc> to verify your email address. Once your email address is confirmed, your user account request will be sent to the eMASS System Administrator and Organization Administrator for approval. If you did not request this eMASS user account, please go to <https://emass-airforce.csd.disa.mil/Public/DenyEmailUpdate/6dec1bba-a326-498e-9620-ad2a4fe153c2> to cancel this account request.

You receive eMASS notifications as a complement to your eMASS account at <https://emass-airforce.csd.disa.mil/>.

To manage when you receive these notifications, update your user profile in eMASS. For questions or help with problems with your eMASS account: [disa.tinker.eis.mbx.okc-disa-peo-service-desk@mail.mil](mailto:disa.tinker.eis.mbx.okc-disa-peo-service-desk@mail.mil)

**Figure 5: Verify Email**

Once the user's SA approves their eMASS account, the user will receive an email notification informing their eMASS account has been activated as shown in Figure 6.

**Figure 6: Access Granted to eMASS**

If the user's account registration is denied by their SA, eMASS will send the user an email with the comments entered by the SA with the reason for denial. The user should address all issues identified by their SA and then re-submit their account registration following the steps outlined above.
