

Request Prescription Refills –

Refills may be requested for one or more prescriptions, and the beneficiary will choose a pick-up location for their prescriptions. Pick-up locations available would include the beneficiary's MTF and any satellite/clinic pharmacies associated with the MTF. Beneficiaries who fill original prescriptions at an MTF may refill it through TOL. When requesting a prescription the beneficiary will be asked to:

1. Confirm the last four (4) digits of your sponsor's SSN
2. Enter the numeric portion of the prescription number(s) to be refilled
3. Select a pick-up location

Check Prescription Status –

Beneficiaries may check the status of his/her prescription(s) to include when a refill has been requested. The user can check one Rx at a time by entering the last 4 digits of the sponsor's SSN, Rx number and pick-up location.

Request Prescription Refills from TMOP –

When requesting prescription refills from the TRICARE Mail Order Pharmacy (TMOP), TOL will actually take the beneficiary to the TMOP website where they will be asked to log in. From there, the refill can be requested directly through that website. The original TOL browser window will remain open and active in the background, so that when the TMOP refill request is completed, the beneficiary may choose to return to TOL.

TRICARE Online (TOL) Pharmacy Refill

All TOL beneficiary account holders have the capability to securely request their MTF prescription refills online once their MTF has activated this functionality.

How do I use it?

To initiate a prescription refill request, the beneficiary takes the following steps:

The screenshot shows the TRICARE Online homepage. In the top navigation bar, the 'Refill Prescriptions' link is highlighted with a blue box containing the number 1. Other navigation options include 'Personal Health', 'Services & Benefits', 'General Health', 'Government Links', and 'Content Management'. Below the navigation bar, there is a 'Welcome to TRICARE Online' section with a personalized message for Edward Welsh, stating his MTF is Walter Reed Army Medical Center. A 'Book an Appointment' section is visible on the left, and a 'Refill a Prescription' section is highlighted with a blue box and the number 1 on the right. The 'Refill a Prescription' section includes a message about the new online refill functionality and a link to 'Refill Prescription'.

The screenshot shows the 'Refill Prescription' form. Step 2 is highlighted with a blue box and the number 2, showing the selection of the Primary MTF (Walter Reed Army Medical Center) or an Alternate MTF. Step 3 is highlighted with a blue box and the number 3, showing the confirmation of the last 4 digits of the Sponsor Social Security Number (9386). Step 4 is highlighted with a blue box and the number 4, showing the entry of the numeric portion of the prescription number(s) (Rx #1 through Rx #10). Step 5 is highlighted with a blue box and the number 5, showing the selection of a desired Pharmacy Location. Step 6 is highlighted with a blue box and the number 6, showing the 'Submit' and 'Reset' buttons.

- 1 Select the “Refill Prescription” option (or tab)
- 2 Select to refill prescriptions at the Primary MTF or an Alternate MTF
- 3 Confirm the last 4 digits of the sponsor’s SSN
- 4 Enter the numeric portion of the prescription number(s)
- 5 Select a pick-up location
- 6 Click on “Submit” to process the refill request or “Reset” to restart the refill process
