

On Wednesday, Feb. 24, 2016, DLA recruiters participated in the 2016 Ohio State University (OSU) Spring Career Fair. OSU was founded in 1870 and has since grown into the third largest university campus in the United States. Students visiting the DLA booth were from diverse educational backgrounds to include: geospatial; industrial, systems and electrical engineering; logistics and operations; security intelligence; international studies; foreign language; cryptography; network security; public administration; accounting; and human resources.
