AROUND EUROPE

USACE still Building Strong after EBG

GRAFENWOEHR, Germany – In April 2010, officials celebrated the turnover of the final project as part of Efficient Basing Grafenwoehr, but the work is far from over. With roughly \$50 million planned in construction each year through 2015, the garrison and USACE continue to work together to deliver quality-of-life improvements.

District begins first dam project in Europe

GRAFENWOEHR, Germany – USACE Europe District is working in cooperation with Bavarian environmental authorities, USAG Grafenwoehr and German government construction agencies to keep Grafenwoehr's waters in check by repairing two dams.

The dams were built by German troops prior to World War I making them over 100 years old. [... Read More](#)

USACE, EUCOM deliver kindergarten to Armenians

SASNASHEN, Armenia – Since Sept. 2, 1958, the people here have commemorated the memory of 17 U.S. Airmen who died in a tragic crash.

Following a solemn memorial with the local community, U.S. and Armenian officials gathered together at the local kindergarten for a ceremony opening its newly-renovated doors to Sasnashen's children. [... Read More](#)

AMIE interns wrap up summer program with USACE

WIESBADEN, Germany – On Aug. 9, students participating in the Advancing Minorities' Interest in Engineering Program gave their final presentations as they concluded summer internships here with the U.S. Army Corps of Engineers Europe District.

Tariq Walker, Kyle O'Connor, Ryan Wright, Ilan Alpert, Cofie Kameo and Ahmad Hamadu were congratulated by Col. D. Peter Helmlinger, district commander, and Lt. Col. Michelle Garcia, deputy commander, on their successful completion of the program.

AMIE is a non-profit program designed to implement programs to attract, educate, graduate and place minority students in engineering careers. [... Watch AFN News Story](#)
