U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG

C-CAP 206-St Marys River Decatur IN

Description

The project is located on the St. Marys River in Decatur, Indiana, within Kekionga Park. The project plans are to construct a bio-retention area, stormwater channels, and wetland habitat area along the banks of the St. Mary River in an area commonly referred to as Kekionga Park. The project area had been previously filled in and used as a residential development. The City bought all the homes through a FEMA Program.
