U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG

## IIS-USEPA-Shelby and St. Lawrence, MI

### Description

This project involves three sites, a picnic site and Frisbee golf site located on the Clinton River in River Bends Park, Shelby Township, Michigan, and the riverbank located approximately 2 river miles downstream at the St. Lawrence Cemetery, Shelby Township, Michigan. At the River Bends Park sites the USACE will complete data collection, engineering, design and construction for ecosystem restoration to improve geomorphic stability, in-channel aquatic habitat and riparian habitat. At the St. Lawrence site the USACE will complete data collection, engineering, design and construction for ecosystem restoration to stabilize the riverbank to prevent exposure and movement of buried debris from a former unregulated landfill site from entering the river. This project will contribute to delisting Beneficial Use Impairments in the Clinton River AOC.
