BUILDING STRONG

I-203-Forest County Potawatomi - Rat River Watershed Study

Description

The project is located in northeast Wisconsin, in Forest County. The purpose of this watershed reconnaissance study is to assess the current conditions of the Rat River Watershed, identify water resource problems, investigate possible solutions and recommend alternative courses of action (e.g. project, studies, etc.) that would improve the overall health of the watershed.

Congressional Interest

Duffy (WI-7); Senator Johnson (WI), Senator Baldwin (WI)
