BUILDING STRONG

## I-PAS-2016 Frazil Ice Study, Menominee Indian Tribe, WI

### Description

The project is located on the Wolf River, in Keshena, Wisconsin. Over the last three decades frazil ice, or freezeup jams, have created flooding problems in Keshena, Wisconsin. The purpose of the study is to identify a location for an iceboom or another solution to preventing flooding from frazil ice on the Wolf River.

### Congressional Interest

Ribble (WI-8); Senator Johnson (WI), Senator Baldwin (WI)

### Location Map & Picture

### Non-Federal Project Sponsor

Menominee Indian Tribe of Wisconsin

### Project Authority

Section 22 of the Water Resource Development Act (WARDA) of 1974, as amended - Planning Assistance to States (PAS).
