DREDGING

POOL 18: NM 432.5

McCLELLAN-KERR ARKANSAS RIVER NAVIGATION SYSTEM, OKLAHOMA

The Big River Dredge is scheduled to begin work in Pool 18 at the oxbow near NM 432.5. Dredging will begin 19 August 2015. During startup and for the first week, dredge pipe will be in the sail line. The pipe will not be crossing the river but will be looped into the channel. Once dredging has progressed 200 feet into the oxbow, dredge pipe will no longer be in the sail line. The dredging contractor will be monitoring channel 16 for approaching traffic but mariners are advised to use caution when transiting this area.

Waterway users are asked to check with Lock No. 18 (918)543-2216 for the latest information. Questions or request for additional information concerning this notice should be directed to Mr. Kenneth Todd; Navigation Manager: 918-687-4501 ext 2 or Mr. Vic Heister; Navigation Field Engineer: 918-669-7244.

A handwritten signature in black ink, appearing to read "Earl Groves".

Earl Groves
