COMPARTMENT OF THE ARMY
HONOLULU DISTRICT
ENGINEERING CENTER
Army Standard for Tactical Equipment Maintenance Facility
Compliance (TSMF)
28 February 2008

Army Standard

Description: Tactical Equipment Maintenance Facility (TSMF) standards for the maintenance of tactical equipment are being established. This standard will provide a common baseline for all TSMF facilities.

Availability:

- The TSMF Army Standard applies to the planning, design, and construction of all active Army TSMF facilities.
- The TSMF Army Standard applies to all TSMF facilities.
- The TSMF Army Standard applies to all TSMF facilities.

Notes:

- Only the Resident Chief of Staff for Installation Management has authority to approve deviations from this Army Standard.
- Army Facilities Design Program (AFDP) and AFDP-2008 are not applicable to this standard.
- AFDP-2008 is not applicable to this standard.

MISSION STATEMENT: The RDC provides superior planning and design services throughout the Pacific region to delight customers and serve our nation.

POH Design Branch is designated the RDC in POD. There is no guaranteed funding from other districts; good work = more work.

The RDC is a full service organization with design experience in Military Construction, Civil Works and Interagency and International Services Program.

The RDC supports:

- Other Districts during peak workloads or to provide special expertise,
- Construction Branch with quick resolution of problems in the field, and
- Our customers with quality planning and design.

The RDC is one of 8 Centers of Standardization responsible for

- Transient Training Officers Quarters and
- Unaccompanied Officers Quarters

Our goal is to deliver a quality product and service, focused on customer needs and expectations in a responsive and cost-effective manner.

OFFICE ADDRESS: US Army Corps of Engineers Honolulu District Building 230 Ft Shafter HI 96858-5440

Recent Projects

- POJ (top left photo)
- Designed Battle Command Training Center
- POA (top right photo)
- Facilitated UEPH charrette @ Ft Wainwright
- POF (above photo)
- Applied standards to Korea Relocation Program

Services & Products

- Full Design
- Adapt Build Design using BIM
- Design Build requests for proposals
- DD 1391 programming documents
- Parametric design
- Project Definition Rating Index (PDRI)
- Master planning of complexes
- Studies to include Value Engineering
- Bridge/building condition surveys
- Source Evaluation Boards
- Charrettes
- Review KTR prepared as-built drawing
