8 Sept 2014

Dear Soldiers in Transition and Family Members,

On behalf of the Soldiers, Civilians and Contractors of the Warrior Transition Battalion (WTB) at Joint Base San Antonio (JBSA), welcome to our outstanding organization. As a new member of the team – I ensure you that you will be treated with dignity, respect and compassion throughout your time at the WTB at JBSA.

You and your family have made it to an organization where you will receive the world-class healthcare you deserve through Brooke Army Medical Center (BAMC) and several other Centers of Excellence. These facilities employ highly competent and professional staff that will ensure the care you will receive here, at your home away from home, will reflect the lines of the Warrior Creed:

"I am a Warrior in Transition. My job is to heal as I transition back to duty or continue to serve the nation as a veteran in my community. This is not a status, but a mission. I will succeed in this mission because I am a Warrior and I am Army Strong."

The JBSA BAMC WTB Mission is to provide competent and compassionate leadership through command and control, complex case management, comprehensive transition planning and primary care. This mission will be accomplished by providing a safe environment that promotes the optimum healing for the wounded, ill, and/or injured Soldier that will return to the force or transition to civilian life as a productive Veteran.

The JBSA BAMC WTB Vision is to empower Soldiers and their Families to build successful futures.

We are honored to have you and recognize the sacrifice by you and your family to protect and defend our great nation, the United States of America. Welcome again to the JBSA BAMC WTB – ***Serving to Heal...Honored to Serve!***
