Personnel Record Review

CPO 365 / 18 APR 2013

Before we get started…

- Some of you already know how to use Navy personnel systems online. For you, this training will provide a review and update.

- For those of you who are unfamiliar with online personnel systems, this training will introduce you to the steps required to view and verify your online personnel records.

- For command leaders, this training will familiarize you with training materials that can be used in future command indoctrination and training events.

Paper turned into Electrons

Your paper Field Service Record is going, going, gone!

Field Service Record

Today, your service record information is maintained in two primary systems:

1. **Official Military Personnel File (OMPF)**

2. **Electronic Service Record (ESR)**

Official Military Personnel File

Electronic Service Record

Official Military Personnel File (OMPF)

- **OMPF contains <u>electronic images</u> of documents generated throughout your career, from time of entry until final separation.**

- **Every Navy officer and enlisted member has an OMPF, which is accessed via BUPERS Online (BOL).**

- **BOL is located at https://www.bol.navy.mil.**

- **OMPF documents your Navy career:**

  - Performance

  - Professional History

  - Personal Information

  - Training, Education and Qualifications

  - Privileged and Adverse Information

  - Separation and Retirement

_TIP_____
Specific OMPF documents are viewed during Selection Board review.

Frequency of Enlisted Record Update

- **Some OMPF documents are generated from data stored in your Electronic Service Record (ESR).**

- **Personnel documents should be submitted to OMPF at the time they are generated.**

  - EXCEPTION TO THE RULE: Awards, Training and Qualifications, and History of Assignments data is printed from your ESR and submitted to OMPF only when you reenlist or when you separate from service.

  - IMPORTANT: If you are going before a Selection Board and there are significant transactions in your ESR that are not in your OMPF, submit printed copies of ESR pages (NAVPERS forms) with your letter to the Board.

ESR data printed and submitted to OMPF

- **Dependency Data** (submitted to OMPF as form NAVPERS 1070/602)
- **Member Data Summary** (submitted to OMPF as form NAVPERS 1070/886)
- **Training Summary** (submitted to OMPF as form NAVPERS 1070/881)
- **Honors and Awards** (submitted to OMPF as form NAVPERS 1070/880)

_TIP_____

Routinely verify your OMPF is accurate and complete. See your Personnel Office, CPC or PSD when items are missing or incorrect.

Action: Access your OMPF

- **You have automatic access to your OMPF.**

- **Log in to BOL at https://www.bol.navy.mil**

- **Select Official Military Personnel File (OMPF) – My Record.**

An official document submitted to NAVPERSCOM for filing in the Official Military Personnel File (OMPF) becomes the property of Department of Navy (DON). Except for administrative or clerical errors, documents filed in the OMPF may not be removed or changed except by authorization of Secretary of Navy.

(1) If you find an error in your OMPF, you may request a correction to your service record. You should submit your request to your local Personnel Support Detachment (PSD) or Personnel Office (PersO) for action since the error may be found in your OMPF, the Field Service Record, and in some cases other corporate databases. Request must include a description of the information to be changed; the reason for the change; the type of change sought (i.e., deletion, correction, or addition); and copies of available documentary evidence supporting the request. The PSD/PersO may make corrections to local records and/or submit changes to NAVPERSCOM in accordance with MILPERSMAN 1070-210, or in accordance with the regulation governing original document. In general, the following types of corrections may be made, where appropriate:

1 Go to www.npc.navy.mil to find resources helping you view and manage the career information displayed in your Navy Personnel Records.

Electronic Service Record (ESR)

- **ESR contains <u>electronic data</u> representing some, but not all, of the information previously held in the paper Field Service Record.**

  - ESR allows you to view information contained within the Navy Standard Integrated Personnel System (NSIPS).

  - NSIPS contains pay and personnel information entered by your command and/or servicing PSD, plus information received from other manpower, personnel, training and education systems.

- **Periodically, usually at specific career milestones such as reenlistment, separation or retirement, ESR information is printed, signed and electronically submitted to your OMPF.**

- **Navigate the ESR Home Page using links provided.**
