April is Alcohol awareness Month: Sadly we are still seeing too many cases of DUI's (77 reported CY12) and other Alcohol related problems/incidents with our Sailors, families and loved ones. Aside from the detrimental implications a DUI can have on your career, there are severe financial costs many people do not take into account, if you want to truly find out how much that last drink is going to cost you, go to <http://www.nadap.navy.mil> (NADAP E-Gram March 2013) and look for the article titled "Keep what you've Earned". This should be a Must read at your next Safety talk with your Sailors!
