Reserve Sailor Guide to CMS-ID Application Gates

Application Eligibility Gates are directly linked to Navy policy and are designed to keep you from applying for jobs to which Navy policy would not allow you to be assigned. Gates are displayed when you attempt to submit an invalid application. Acknowledged Gates are then captured in your Alert History, accessible through your Personnel Detail. If you receive a Gate and believe that your application is valid, consult the references listed in the Gate text and contact your Command Career Counselor and/or Assignment Coordinator. The following CMS-ID Application Eligibility Gates are applicable to Reserve Sailors:

Application Status Gate	Applicants with an application in Selected, Directed, or Pending status in the last two months	Sailors may not submit applications when they have already been selected on a previous application.
