

Hangman!

Instructions

Hangman is a brainteaser for two players. The first player picks a word or phrase, usually based on a theme, such as movies titles. The player marks blank spaces for the letters of the word or phrase at the bottom of the page. The second player guesses letters, one at a time. If the letter is part of the word or phrase, the first player fills in that letter. Each time the letter is not a part of the word or phrase, a body part is added to the stickman. The stickman's body parts include his head, body, two arms and two legs. If the second player guesses the word or phrase correctly before all the body parts are filled in, that player wins the game!
