113th CONGRESSIONAL DISTRICT MAPS REPRESENTING ARMY SITES (July 30, 2013)

The purpose of this document is to reference current Congressional Districts and their respective Army sites. This document is for reference only and not an official document (see disclaimer).

The maps included in this document were created by the Army IGI&S Program. For more information, please visit: <https://www.us.army.mil/suite/page/igis>

DOCUMENT DISCLAIMER

This document is not an official Army document and is for reference purposes only. The maps represent Army sites and are not legal documents of their locations. Army site locations were placed using multiple methods; the preferred method uses the centroid of the site from the Army Mapper database, followed by geocoding the address, followed by latitude and longitude coordinates derived from Google maps search, and least preferred is the centroid of the site's postal zip code. The scale represented is approximate, nonexistent or has been changed. These are not surveyed or production grade maps and should not be used as such. These maps are not intended for all uses. Army Mapper is not responsible or liable for any derivative or misuse of these maps. | US Army.

DOCUMENT TABLE EXPLANATION

This document contains state specific tabular information following each map which outlines every Army site located in each congressional district as reported in the Department of the Army's Headquarters Installation Information System (HQIIS), the Army's authoritative source for Real Property Installation, Site, and Base data supporting the Installation, Energy, and Environment (IE&E) business domain. These supporting tables also list the current status of each site (see explanation below) per HQIIS.

HQIIS Status Code	Status Code Explanation
Active	Used 6 months or more a year
Caretaker	Minimum maintenance for safety and security
Closed	Mission operation ceased
Disposed	Conveyed or transferred to another entity
Excess	Excess to mission
Outgranted	Use rights granted to another entity
Semi-Active	Used less than 6 months a year
Surplus to Government	Surplus to Government needs
To Be Acquired	DoD will acquire legal rights in the future

DOCUMENT NAVIGATION INSTRUCTIONS

This document contains an Army location Index. The Army locations listed in the index are hyperlinked to their respective maps. To navigate to the state of the desired location, click on the state name in the Index table. To return to the Index table, simply click on the upper left corner of the state map and it will return the viewer to the Index table.
