The Director of NG-J3/7 will:

a. Serve as the proponent for the NG CD Program and publish supporting documents for this instruction when required.

b. Submit request for changes to Secretary of Defense (SecDef)-approved CD missions to the Chief of the National Guard Bureau (CNGB). Then, submit the request to the Deputy Assistant Secretary of Defense for Counternarcotics and Global Threats (DASD-CN&GT) for approval.

c. Verify CD State Plans submitted by the respective governor are consistent with annual instructions published by the DASD-CN&GT, and are processed efficiently and on-time.

d. Conduct periodic evaluations of NG CD Program operations, at the State level.

e. Ensure CD program funding is executed consistent with relevant law, instruction, and policy.

f. Assign, at least one, CD liaison officer in the Office of National Drug Control Policy and DASD-CN&GT.

g. Maintain a separate CD administration program office for the management of policy, operations, training, resource and funding functions.

h. Maintain a system of record to capture all CD operational information.

2. The Adjutant General (TAG) or the Commanding General of the District of Columbia National Guard (CG). TAGs or the CG will:

a. Instill direction and oversight of the State's NG CD program.

b. Appoint a fulltime State Counterdrug Coordinator (CDC), and establish a chain of command for the State's CD Support Plan Program.

d. Authorize the hiring and dismissal of all CD personnel beyond the prescribed probationary period.

22 June 2015

e. Oversee administration and logistics of National Guard Counterdrug Training Centers (NGCTC), if authorized for the State, and submit respective NGCTC annual course offerings to the Director of NG-J3/7 for approval.

## ENCLOSURE B

## SUPPORTING ROLES

1. NG Supporting Role. The NG may provide CD support to Federal, State, tribal, and Law Enforcement Agencies (LEA), Community Based Organizations (CBO), educational, and government organizations (hereafter referred to as “organizations”) that request assistance for CD operations. NG CD Programs provide support operations where the primary purpose is drug interdiction and counterdrug activities, with the exception of internal NG drug prevention education activities. When using reference b funds, States may only execute missions within their annual State Drug Interdiction and Counterdrug Activities Plan (State CD Support Plan) that have been approved by the SecDef.
2. State CD Support Plans. State CD Support Plans:
  - a. Require preparation IAW fiscal year planning instructions issued by the DASD-CN&GT.
  - b. Require approval and signature of the respective Governor and the State Attorney General, and comply with the plan requirements in reference b. The CG and the U.S. Attorney for the District of Columbia approves and signs the District of Columbia State CD Support Plan.
  - c. Require certification by the Governor of the State or a civilian law enforcement official of the State designated by the Governor has determined that any activities included in the plan are carried out in conjunction with Federal LEAs, and ensure State laws are enforced. The District of Columbia CD Support Plan requires certification from the CG.
  - d. Require certification by the State Attorney General or the U.S. Attorney for the District of Columbia that missions or activities in the plan are consistent with, and not prohibited by State law or the laws of the District of Columbia, as appropriate. Certifications and approvals by the Governor, or the CG, the State Attorney General, or the U.S. Attorney for the District of Columbia, cannot be waived.
  - e. Must declare and annotate the carrying of any lethal or non-lethal weapons for those States in which authorized.
3. Mission Request and Approval. A signed, written mission request from an LEA or CBO, on their letterhead, must be received, validated, and approved, by the respective State’s CDC or CD Task Force Commander (CD TFC).

22 June 2015

4. Rules for the Use of Force (RUF). Each State must develop RUF that are in compliance with State law on the use of force continuum and this instruction. The State Attorney General, designated representative, or the U.S. Attorney for the District of Columbia, as appropriate, will provide a written review and approval of these rules and add further restrictions, as appropriate, to comply with State law or policy. NG members will not accompany law enforcement agents on CD missions or operations where there is a likelihood of serious harm to CD members, LEAs, or civilians. NG members will make every effort to minimize the possibility of confrontation with civilians.

5. Rules of Evidence and Chain of Custody. Physical objects cannot be accepted into evidence unless a chain of custody has been established. This is especially true for items subject to adulteration such as drugs. To ensure admissibility of such evidence, only LEAs will seize, handle, or maintain custody of items that may be considered as evidence, except in exigent circumstances.

a. National Guard personnel will not participate in active/real-time Title III, reference e, conversation monitoring or directly participate in interrogation activities.

b. CD members will not participate in interrogation activities or have contact with suspects.

6. Intelligence Oversight and Information Collection. All NG CD Program operational files and intelligence oversight and information collection training materials are subject to inspection by the NG Inspector General (IG), IAW reference f. All supported activities must have, as a primary purpose, a valid counterdrug activities nexus or counterdrug nexus, IAW reference d, and as defined in this instruction.

a. Intelligence Oversight (IO). The NG CD Program does not initiate or conduct intelligence activities on its own. NG CD members supporting the Intelligence Community (IC) must comply with the rules that govern the supported agency and the rules under which the NG approved their assignment or detail.

(1) NG CD Programs supporting the IC are required to have a formal IO program.

(2) CD members providing support using the Secret Internet Protocol Router Network or the Joint Worldwide Intelligence Communications System will follow all applicable information management rules and IO rules, IAW references g, h, i, j, and k. NG CD members will not retain any data in NG Files or databases.

22 June 2015

b. Information Collection and Retention. The NG CDP does not initiate or conduct law enforcement investigative activities on its own. Criminal information under analysis is the property of the supported agency and is not intelligence information.

(1) NG CD members follow supported agency guidelines to acquire criminal information. NG CD members will provide raw information and resultant analysis to the agency and will not retain the data in NG files or databases. Training on the protection of CD program related information concerning persons and organizations not affiliated with DoD, as noted in references l, and m, will be included in initial CD doctrinal training and annually thereafter.

(2) Criminal information and resultant analysis will be disseminated IAW the supported agency guidelines.

## ENCLOSURE C

## OPERATIONS AND COUNTERDRUG MISSIONS

1. All operations and CD missions must be initiated by a valid, written request from a supported LEA or CBO. When requested, the NG may support LEAs or CBOs conducting CD Domestic Operations and Federal Operations authorized by the SecDef. The NG CD Support Plan Program does not act unilaterally, and will not be the lead agency for CD operations.

a. Domestic Operations. All Domestic CD Operational missions included in the State CD Plan must be consistent with reference b, this instruction, DoD policies, and not prohibited by State or tribal laws. ### PART II. DEFINITIONS

The Adjutant General -- The Army National Guard or Air National Guard officer responsible for management of the National Guard of a State, territory, or the District of Columbia, Puerto Rico, and the District of Columbia not on Federal duty.

Attorney General -- Principal legal officer of the State government.

Combatant Command -- A unified or specified command with a broad continuing mission under a single commander established and so designated by the President, through the Secretary of Defense and with the advice and assistance of the Chairman of the Joint Chiefs of Staff.

Community Based Organizations -- Civilian agencies, coalitions, committees, councils, task forces, and similar groups who support drug abuse education, awareness, and prevention.

Counter-narcoterrorism -- Measures taken to detect, interdict, disrupt, or curtail activities related to substances, materiel, weapons, or resources used to finance, support, secure, cultivate, process, or transport illegal drugs. For the purposes of the National Guard Counterdrug program, two separate, but related types of narcoterrorism exist:

a. Narco-driven terrorism, which is terrorism conducted by drug traffickers to further their aims of drug trafficking.

b. Narco-supported terrorism, which is terrorism that benefits from or uses drug trafficking to further individual or group activities.

Counterdrug Support Program -- Support provided to Federal, State, or local Law Enforcement Agencies, civil authorities or Community Based Organizations to assist with drug interdiction and demand reduction activities under the authority of reference b, in support of the National Drug Control Strategy. This includes both the Army and Air National Guard Drug Abuse Testing Program and the National Guard Counterdrug School Program.

Drug Interdiction and Counterdrug Activities -- The use of National Guard personnel in drug interdiction and counterdrug law enforcement activities, including drug demand reduction activities, authorized by the law of the State and requested by the Governor of the State.

Federal Service -- A term applied to National Guard members and units when called to active duty to serve the United States Government under Article I, Section 8 and Article II, Section 2 of the constitution and Title 10, United States Code, Sections 12401 and 12408.

Intelligence Related Activities -- Those activities outside the consolidated defense intelligence program that: respond to operational commanders' tasking for time-sensitive information on foreign entities; respond to national intelligence community tasking of systems whose primary mission is support to operating forces; train personnel for intelligence duties; provide an intelligence reserve; or are devoted to research and development of intelligence or related capabilities.

Law Enforcement Agency -- Any of a number of agencies chartered and empowered to enforce United States laws in the United States, a state, or territory (or political subdivision) of the United States, a federally recognized Native American Tribe or Alaskan Native Village, or within the borders of a host nation.

Narcoterrorism – Terrorism that is linked to illicit drug trafficking.

Retention -- Refers to maintaining information about United States Person information that can be retrieved by the person's name or other personal identifying data.

States -- A nation or territory considered as an organized political community under one government.

State Plans -- Plan submitted annually by the States for National Guard Counterdrug Support Program activities under the authority of reference b.

Rules for the Use of Force -- Policy guidance issued by The Adjutant General or the Commanding General of the District of Columbia, and approved by the State Attorney General on the use of force and weapons within the State for Counterdrug missions.
