

Rental Car Info

- Incoming students to courses on Fort Lee may check with the Fort Lee Lodge prior to their arrival to determine if they will be housed on or off-post.
 - Based on the distance from Fort Lee for off-post lodging we highly encourage home-station authorization for rental cars. Many installations will authorize a single rental car for multiple students attending the same course.
- While all on-post lodging is within walking distance of ALU there are a limited number of dining options within the same area. A list of the primary dining options is located on the ALU website home page.
 - While not mandatory, rental cars are highly encouraged for long-term students. (Rental cars must be funded by the home station organization.)
- Fort Lee does not provide on-post shuttle service for students.
