## Appendix B Post Permit Suspension/Revocation Guide

**B-1. Policy.** Chapter 2 of this regulation governs the privileges of hunting, fishing, and other range recreation on the Fort Sill Military Reservation.

**B-2. Authority.** NREB will enforce applicable laws and regulations concerning natural resources and has the authority to suspend or revoke recreational privileges as appropriate. Make appeals to the Chief, NREB.

**B-3. Violations.** The following is a list of common violations and administrative actions, which NREB may take against personnel who violate applicable State or Federal statutes or Fort Sill regulations. Criminal prosecutions of personnel resulting in convictions for violations of laws and regulations pertaining to natural resources will not prevent the additional imposition of administrative sanctions.
