## A INTRODUCTION

This attachment provides you information to prepare your Privately Owned Vehicle (POV) for storage under the Global POV Contract (GPC). The successful storage of your POV is not a matter of chance. It is a result of advance preparation and planning. It is your POV. Ask questions. Be involved. Read what you sign. Contact your local Transportation Office (TO) or Personal Property Shipping Office (PPSO) prior to making any plans to store a POV. This attachment has been reviewed by the Per Diem, Travel and Transportation Allowance Committee in accordance with (IAW) Department of Defense Directive 5154.29, DoD Pay and Allowances Policy and Procedures as PDTATAC Case 090628.

**NOTE:** This attachment almost exclusively applies to military members eligible for POV storage. Civilian employees are only authorized POV storage in connection with evacuations (Joint Travel Regulation [JTR] Chapter 5, Part E, Section 2) or when assigned Temporary Change of Station (TCS) in support of a contingency operation (JTR, Paragraph C5234).

## B MILITARY SERVICE INSTRUCTIONS

In addition to instructions contained in this attachment, the shippers and Service TOs are governed by instructions established by the sponsoring Service and the JTR. This attachment does not apply to United States (U.S.) Coast Guard civilian employees as their allowances are governed by the Federal Travel Regulation and Department of Homeland Security regulations.

## C POV STORAGE ELIGIBILITY

1. A Service member is eligible to have one POV stored at a storage facility if the member is:
  - a. Ordered to make a Permanent Change of Station (PCS) to a foreign/non-foreign Outside Continental United States (OCONUS) Permanent Duty Station (PDS) and:
    - (1) The laws, regulations, and/or other restrictions imposed by the foreign country, area, or United States preclude shipment/entry of a motor vehicle at government expense into that PDS
    - or
    - (2) The vehicle would require extensive modification (other than normal maintenance servicing) as a condition to entry into the foreign/non-foreign OCONUS PDS
  - b. Sent to a Temporary Duty Station for more than 30 days to a contingency operation (JTR, Appendix A, Definitions and Acronyms)
  - c. Sent TDY for more than 30 days in support of humanitarian assistance or other emergency operations, as declared by Executive Order or the Administering Secretary, and the Secretary Concerned authorizes POV storage
  - d. Authorized POV transportation because of a change in a ship's home port where there are more than 30 days between the ship's departure from the old home port and arrival at the new home port.
2. Storage: The Services, through their Secretarial processes, may designate POV storage facilities:
  - a. Government-procured Storage Available:
    - (1) If a Service elects to store a member's POV, then the member may personally arrange storage at a commercial facility.
    - (2) A member who personally arranges for storage at a facility other than the Service-designated facility is reimbursed for the actual storage cost not to exceed the Government-constructed storage cost.

- b. Government-procured Storage Not Available, not Designated, or the member has been instructed by the TO/PPSO to store the POV at personal expense:

- (1) The member arranges POV storage at a commercial facility and is reimbursed for the actual storage cost.

**NOTE 1:** Storage of more than one POV and/or storage of a POV instead of authorized transportation are not allowed. Members are financially responsible for storage and/or transportation of additional POVs.

**NOTE 2:** Service regulations/guidance may require a letter from the TO authorizing POV storage.

3. Storage In Lieu of Shipment:

- a. POV storage is in lieu of POV shipment both to and from the foreign OCONUS PDS to which a POV shipment is prohibited.
- b. A member who stores a POV at government expense is not authorized POV shipment from the foreign OCONUS location upon subsequent PCS.
- c. A member may ship the stored POV if ordered on a Consecutive Overseas Tour and POV transportation is permitted to the subsequent OCONUS PDS.
- d. A member may not continue to store the POV at government expense while shipping another POV to the subsequent OCONUS PDS.

4. Restrictions:

- a. **Vehicle Size:** A member who stores a POV that exceeds the Military Surface Deployment and Distribution Command (SDDC) storage contract maximum standard size is financially responsible for any storage costs caused by the vehicles excess size. (As an exception, the Secretarial Process may authorize/approve storage of an oversized POV for medical reasons.)
- b. **Combining POV Size Limitation when Husband and Wife are Members:** The size restriction may be waived for the purpose of storing one larger vehicle at government expense in lieu of storing two POVs (one POV for each member) when each member is authorized POV storage. Payment for storing the vehicle may not exceed the Government's total cost if each member had stored a vehicle within the maximum standard size.
- c. **Other Excess Storage Costs:** Excess storage costs incurred because of the member's negligence or choice are the member's financial responsibility. Excess costs are collected IAW Service regulations.

**NOTE 1:** Only one POV owned or leased by a member or the member's dependents and for the member's personal use may be placed in storage at Government expense.

**NOTE 2:** The POV will remain in storage during the member's tour of duty. When the vehicle is removed from storage, it cannot be returned to storage at Government expense under the same orders.

5. Emergency Storage in the Event of Evacuation:

- a. In the event a Department of Defense civilian employee/traveler and/or his/her dependents have to evacuate from an OCONUS PDS, emergency storage expenses for the traveler's POV may be authorized IAW JTR Chapter 5, Part E, Section 2.

## D NON-CONFORMING POVS

- 1. POVs imported to the United States are subject to safety standards under the Motor Vehicle Safety Act of 1966, revised under the Imported Vehicle Safety Compliance Act of 1988, re-

codified at 49 U.S.C. 301; bumper standards under the Motor Vehicle Information and Cost Act of 1972 (which became effective in 1978), re-codified at 49 U.S.C. 325; and air pollution control standards promulgated by the Environmental Protection Agency (EPA) under the Clean Air Act of 1968, as amended in 1977 and 1990.

2. These laws and regulations apply to importing POVs to any state of the United States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, Guam, American Samoa, and the Virgin Islands. Modifications required for nonconforming POVs to comply with U.S. safety and environmental standards are performed by registered importers and independent commercial importers. As a general rule, all POVs less than 25 years old must comply with all applicable federal motor vehicle safety standards, and all POVs less than 21 years old must comply with federal emissions standards. Fulfillment of federal requirements does not relieve the member from fulfilling requirements of a state or district of the United States. For information regarding registration or operation of a properly imported vehicle in a specific state, contact the Department of Motor Vehicles or other agency. Vehicles manufactured to meet the federal motor vehicle safety standards have a certification label affixed by the original manufacturer in the area of the driver-side-door. Vehicles manufactured to meet the federal motor vehicle emissions standards have an emissions label affixed in the engine compartment stating that the vehicle meets U.S. EPA emissions standards. Vehicles lacking these certification labels are nonconforming and must be brought into compliance. Information for importing and converting vehicles to U.S. specifications may be obtained from [www.nhtsa.dot.gov/cars/rules/import/](http://www.nhtsa.dot.gov/cars/rules/import/).

**NOTE:** Storage of Non-Conforming POVs in the Continental United States (CONUS) is prohibited.

## **E INSURANCE AND LICENSING**

Insurance and licensing, if required, are the responsibility of the member. Many states allow for submitting a De-Insured Certificate or a Non-Use Certificate to avoid re-registration penalties. Vehicle re-registration requirements are the responsibility of the member; contact your State Department of Motor Vehicles for assistance.

## **F TYPES OF POVS ALLOWED TO BE STORED**

1. Any motor vehicle owned by or on a long-term lease (12 or more months) to a member or a dependent of the member for the primary purpose of providing personal transportation that:
  - a. Is self-propelled;
  - b. Is licensed to travel on the public highways;
  - c. Is designed to carry passengers or household goods; and
  - d. Has four or more wheels or, at the member's option, is a motorcycle or moped, if the member does not ship a vehicle with four or more wheels on the same authorization/order.
2. Propane tanks:
  - a. Vehicles with propane tanks are accepted when the propane tank is an integral part of the vehicle used to power the engine or for other purposes and will require considerable cost for the removal of the tank. The propane tanks allowed must be purged and certified before the POV is turned in at the Vehicle Processing Center (VPC) or port. A label will be affixed or tagged to the tank. The person turning in the vehicle must produce written authority that the tank is empty or has been purged. New and empty tanks meet these requirements. The certification must come from an individual or firm authorized to purge propane tanks. Loose tanks, such as those used for gas stoves or barbeques, are not accepted.

## G WHAT MAY BE STORED IN A POV

Only authorized personal articles may remain in a POV when it is turned in for storage. All household items and camping equipment must be removed. The following items may be stored:

1. Items such as jacks, tire irons, tire chains, fire extinguishers, nonflammable tire inflators, first aid kits, jumper cables, and warning triangle/trouble lights
2. One spare tire and two snow tires with wheels (either mounted or un-mounted).

## H MEMBER RESPONSIBILITIES

Following a few simple rules will make storing a POV much easier. Failure to follow these rules may cause the POV VPC to refuse the POV for storage. The member must provide emergency contact information including their OCONUS duty station and at least one point of contact in the CONUS. This information is necessary should the need arise to contact the member while the vehicle is in storage.

1. POV-turn in at CONUS/OCONUS (Origin):
  - a. Have three complete sets of orders/amendments and a letter of authorization signed by the TO authorizing POV storage.
  - b. Ensure the POV contains no more than one-fourth tank of fuel (gasoline or diesel).
  - c. An inspector will inspect the POV with the member. When the inspection is completed, the member and the inspector will sign the DD Form 788, Private Vehicle Shipping Document for Automobile, [Figure K4-2](#), or commercial equivalent. The member will be provided with copies of all forms as a receipt for the POV. These copies will be required to pick up the vehicle, and it will be required by the Military Claims Office (MCO) should a claim be filed for loss or damage to the POV. Only the person turning in the POV will be allowed in the inspection area.
  - d. All fluids must be fresh and at the proper levels when the POV is turned in for storage.
  - e. Ensure all leaks have been repaired. POVs showing any type of fluid or oil leaks are not accepted.
  - f. Ensure a fresh battery is installed, especially if current battery is more than two years old. Batteries are tested to ensure readings are between 11.5 to 13.2 volts. If the battery reading is below 11.5 volts, the battery might have to be replaced (at member's expense) while the POV is in storage.
  - g. Make sure the POV is in a safe and operable condition when it is turned in at the VPC. Vehicles that are inoperable or not safe are not accepted.
  - h. Make sure the POV is clean. Dry-vacuum only. The VPC does not accept a POV laden with dirt, soil, mud or similar matter, to include the undercarriage.
  - i. Empty the glove compartments, except for all required items.
  - j. Turn off or otherwise disconnect installed auto alarm or anti-theft device prior to turn-in.
  - k. Have in your possession a valid driver's license, proof of ownership (title and registration), and a photo ID.
  - l. Have in your possession a complete set of keys, to include gas cap and wheel lock keys, upon delivery to the VPC. Retain a complete set of duplicate keys and have them with you when you pick up the POV.

- m. If necessary, have a Certified Power of Attorney or letter of authorization from the member/employee designating someone to act on his or her behalf. These options do not apply to a spouse who is identified on the member's/employee's official travel orders. Here is an acceptable example:
  - “I hereby appoint (name of agent) as my agent for the delivery of my privately owned vehicle (vehicle and ID number) to the appointed military storage facility, and I appoint him/her my attorney-in-fact to sign all documents required for the delivery of my vehicle for storage.”
- n. If your vehicle is leased, you are required to provide a letter authorizing the storage of your vehicle. (Please check your lease documentation or check with your leaseholder beforehand, to avoid a delay in storing your vehicle.)
- o. Ensure your agent has proper civilian identification and all other documentation required to store your POV.
- p. Provide a forwarding valid address, phone number, or electronic mail address where you may be notified if repairs to the vehicle are required to maintain the storage vehicle.
- q. Read the liability statements presented by the contractor at the time of turn in.
- r. For OCONUS only: The representative will have the member complete/sign DOT Form HS-7, Importation of Motor Vehicles and Motor Vehicle Equipment Subject to Federal Motor Vehicle Safety, Bumper and Theft Prevention Standards, [Figure K4-5](#), where applicable; EPA Form 3520-1, Importation of Motor Vehicles and Motor Vehicle Engines Subject to Federal Air Pollution Regulations, [Figure K4-6](#), where applicable; and/or DD Form 1252, US Customs and Border Protection (CBP) Declaration for Personal Property Shipments, Part I, [Figure K4-4](#), where applicable.
- s. If you require a storage extension (i.e., new or extended orders authorizing continued storage), you must provide supporting documentation to the VPC where you turned in your POV prior to storage expiration. Contact information is located at <http://www.pcsmypov.com>. Abandonment procedures will be initiated for POVs without a continuing entitlement and authorization on file.

## I CONTRACTOR RESPONSIBILITIES

- 1. POV Turn-In Process:
  - a. Advise the member on the vehicle storage process and complete all the documentation required for movement.
  - b. Complete the additional vehicle storage checklist along with the vehicle inspection survey form.
  - c. Ensure vehicles are safe, operable, and leak-free prior to acceptance.
  - d. Ensure motorcycles are crated for delivery to the storage facility.
- 2. POV Storage:
  - a. Store POVs indoors in accordance with the vehicle manufacturer's recommendations and/or standard commercial practices in effect at the time of storage in order to maintain the operability of the POV while in storage.
  - b. Clean POVs prior to placing them into storage, cover POVs when applicable, and lock POVs while in storage.
  - c. Cycle air conditioning/heat and move POVs every 30 days.

- d. Repair/replace POV batteries as required to maintain operability.
  - e. Add fuel stabilizer as required.
  - f. Provide repair estimates to the member and Government Contracting Officer's Representative (COR). Repair POVs as necessary to maintain operability of the POV after receiving approval from the Government COR and member.
  - g. Notify the member of all repairs within 1 week of the repair being performed.
3. POV Pick-Up Process:
- a. Notify the member of the end of their storage entitlement within 45 days prior to the end of their tour of duty as stated in the original orders at the time of turn-in.
  - b. Notify the member if the POV is inoperable or damaged.
  - c. Notify the member of any difference on the odometer that is more than .5 miles per month while in storage.
  - d. Inform the member on claims procedures and provide the member a copy of instructions for filing a claim.
  - e. Handle on-site-claims at the destination VPC if the owner or the owner's agent elects to settle such a claim.
  - f. Note all claimed damage prior to the member leaving the VPC.
  - g. Record remarks indicating the reason for the delay of delivery, loss/damages, and unique shipping circumstances.
  - h. Ensure a joint inspection with the member or the member's agent.
4. Oversized Vehicles:
- a. Determine whether the member's vehicle exceeds the 20 measurement tons allowance the member is entitled to store at Government expense. To calculate your POVs measurement ton, multiply the length x width x height of your POV in inches, divide by 1728, and then divide by 40.
  - b. Recommend ways to reduce the dimensions of an oversized POV (e.g., remove ladders, externally mounted spare tires, and/or luggage racks and/or fold/remove side mirrors).
  - c. Calculate the charges for any excess costs for the storage of an oversized vehicle and prepare documents.
  - d. When the cost is determined, explain how the costs are determined and will be collected from the customer using <https://www.pay.gov> or DD Form 139, Pay Adjustment Authorization, [Figure K4-1](#). The contractor may also refer the customer to the Government COR responsible for the VPC turn-in site.
5. Joint Inspection:
- a. Perform a joint inspection of the member's POV and record the physical condition of the POV. You are allowed to take exception to the inspector's recording of the physical condition of your POV on the reverse side of the vehicle inspection form. Only the person responsible for vehicle turn-in/pick-up is allowed in the inspection area.
  - b. Provide the member the opportunity to comment on the service the member received on the DD Form 788 or on the SDDC-approved commercial equivalent vehicle inspection form.

- c. Pack, secure, and inventory authorized personal contents that will remain in the POV and provide a copy of the inventory to the member.
- d. Provide the member with a legible copy of DD Form 788 or the commercial equivalent upon acceptance of the member's POV.

**NOTE:** It is important to retain this document and have it in your possession at the time of pickup to compare the condition of the vehicle with that recorded at turn-in.

6. Routing to a Storage Facility:

- a. Move the vehicle to the storage facility it selects. The vehicle may be moved to another storage facility at any time while in storage. The relocation of the POV to another storage location has no effect on your storage entitlement.

7. Liability:

- a. Contractor is liable for up to the fair market value of POV according to the National Automobile Dealers Association (NADA) Official Used Car Guide.
- b. The contractor is not liable for any degradation due to the member's unwillingness to maintain the POV in storage.

## **J CUSTOMER SERVICE COMMENT CARD**

1. SDDC depends on the customer to monitor the contractor's service to provide customers with quality services. We request all VPC customers to complete a "Customer Comment Card" provided to every customer by the Global POV contractor and deposit it in the locked box available at the VPC. This feedback provides additional information and allows the Government and the contractor to take action to correct deficiencies when they occur, and it is your opportunity to provide input in the POV storage process.
2. Only the Government representative has access to the "Customer Comment Card" box. Although we would prefer the card be turned in at the VPC, the member has the option to complete the card and mail it to:

Military Surface Deployment and Distribution Command  
ATTN: AMSSD-PPS  
1 Soldier Way, Building 1900 West  
Scott AFB, IL 62225

## **K LOSS AND DAMAGE**

When picking up your POV:

1. Carefully inspect the exterior and interior to determine whether there are any new damages.
2. Make sure items left in the POV at the origin terminal are still there.
3. Annotate all discovered loss and/or damage to your POV on your vehicle shipping document (DD Form 788) or commercial equivalent. Failure to do this may result in no payment for this damage.

## **L ADVANCE MEMBER PICKUP NOTIFICATION**

In the event you have not already contacted the storage facility or managing VPC to arrange the pickup of your POV, you will be notified by them via certified mail with pre-pickup information 45 days prior to your tour end date. Vehicles are stored for a period of 90 days after termination of tour

of duty. If no contact is made by the end of 90-day period after termination of the member's tour of duty, POV abandonment procedures will be initiated.

#### **M DELIVERY FROM A STORAGE FACILITY FOR PICKUP AT CONUS/OCONUS VPC**

You must provide the contractor with pickup or forwarding instructions no less than 30 days prior to the requested delivery date at the designated CONUS VPC or delivery to a CONUS VPC for OCONUS movement. The instructions are located at <http://www.pcsmypov.com/>. Movement from storage requires a complete copy of the members' new orders, including amendments. In addition, movement to OCONUS points will require the documents specified in "Shipping Your POV" attachment.

#### **N EARLY RELEASE OF POV FROM STORAGE WITHOUT NEW PCS ORDERS**

Members requesting early release of POVs from storage for personal reasons without new PCS orders must be aware of the following:

1. Once a POV is released from storage, that POV is not authorized further storage at Government expense, to include personally procured storage, until new orders are issued.
2. POVs withdrawn from storage without new orders are only authorized movement to the original CONUS turn-in VPC or the CONUS VPC serving the storage site. The POV is not authorized movement to the OCONUS turn-in site.
3. The Service must approve any movement requiring transport to another CONUS VPC before movement can occur, and the member must agree to pay any excess costs associated with the move.

#### **O GOVERNMENT ASSISTANCE**

Most VPCs have a COR available on site to assist you in the movement and/or storage of your POV. If required, please ask the contractor to be referred to the COR. In those instances where a COR is not available, the member will be put in telephone contact with a COR at another VPC who can assist.

#### **P GLOBAL POV CONTRACTOR WEBSITE**

Customers can obtain information online regarding the status of their POVs by visiting <http://www.pcsmypov.com/>. In addition to the individual locations listed in Paragraph Q, customers desiring to make an appointment at a VPC should call 855-389-9499.

This information includes:

1. Turning in/picking up a POV
2. Shipping/storing services
3. VPC locations (CONUS/OCONUS)
4. Required documentation
5. Frequently asked questions.

## Q GENERAL VPC INFORMATION

POVs must be turned in and, picked up, at a VPC and will be transported to the Vehicle Storage Facility. VPC locations may be found at <https://www.pcsmypov.com/Locations>.

### 1. CONUS Vehicle Processing Center Information:

POV processing hours of operation are **Monday to Friday**, 0800 to 1600. VPCs are closed on weekends and Federal Holidays. It is highly recommended you arrive at the VPC by 1500 hours to ensure processing is completed on time. During inclement weather, a VPC may open later or close earlier than the scheduled time. Call the servicing VPC to confirm hours of operation.

a. THE VEHICLE DESCRIBED ABOVE:											
<input type="checkbox"/> (1) Does not have a manufacturer's label affixed certifying its conformance with US EPA emission standards. (Bonding with US Customs required.) <input type="checkbox"/> (2) Does not have a manufacturer's label affixed and is pre 75 diesel powered or pre 68 gasoline powered vehicle and is not regulated under CAA. <input type="checkbox"/> (3) Was certified as meeting US EPA emission standards without using a catalyst or was shipped overseas prior to 1 March 1976. <input type="checkbox"/> (4) Requires a catalyst and/or operable oxygen sensor to meet US EPA emissions standards. (Select appropriate options under Import or Export sections.)											
b. IMPORT (If POV is equipped with an oxygen sensor, option 3 may also have to be marked.)											
(1) The catalyst was removed prior to use overseas and:											
<input type="checkbox"/> (a) Has been reinstalled prior to shipment. (Proof of installation required.) <input type="checkbox"/> (b) Will be reinstalled in accordance with the EPA Waiver.											
(2) The catalyst was not removed prior to use overseas and:											
<input type="checkbox"/> (a) A new catalyst has been installed prior to shipment. (Proof of installation required.) <input type="checkbox"/> (b) A new catalyst is accompanying the vehicle and will be installed in accordance with the EPA Waiver.											
(3) This POV requires an oxygen sensor to meet US EPA emissions standards and:											
<input type="checkbox"/> (a) An operable sensor has been installed prior to shipment. (Proof of installation required.) <input type="checkbox"/> (b) An operable sensor is accompanying the vehicle and will be installed in accordance with the EPA Waiver.											
(4) No replacement catalyst and/or operable oxygen sensor is accompanying this vehicle. The owner must post bond with US Customs prior to vehicle release at the US Port of Entry, except if a NEW catalyst and/or oxygen sensor is presented to Customs prior to the release of the vehicle.											
c. EXPORT (If POV is equipped with an oxygen sensor, X as applicable.)											
<input type="checkbox"/> (1) Catalyst <input type="checkbox"/> Oxygen sensor has been removed and is accompanying the vehicle. <input type="checkbox"/> (2) Catalyst <input type="checkbox"/> Oxygen sensor will be removed at the overseas port prior to using leaded gasoline. <input type="checkbox"/> (3) Catalyst <input type="checkbox"/> Oxygen sensor will be replaced overseas just prior to turn-in or a new catalyst/oxygen sensor will accompany the vehicle when it is returned to the US.											
(4) The vehicle owner does not desire to participate in the DoD POV Import Control Program. (Bond with US Customs required upon return.)

<b>— DECLARATION —</b> Importation of Motor Vehicles and Motor Vehicle Equipment Subject to Federal Motor Vehicle Safety, Bumper and Theft Prevention Standards				OMB No. 2127-0002 Exp. 04-30-2017 Public Law 100-562, 49 USC Chap. 301
PORT OF ENTRY	CUSTOMS PORT CODE	CUSTOMS ENTRY NO	ENTRY DATE	
MAKE OF VEHICLE	MODEL	YEAR	VEHICLE IDENTIFICATION NUMBER (VIN)	
REGISTERED IMPORTER NAME AND NHTSA REGISTRATION NUMBER <i>(Required when Box 3 is checked)</i>				VEHICLE ELIGIBILITY NO. <i>(Box 3)</i>
DESCRIPTION OF MERCHANDISE IF MOTOR VEHICLE EQUIPMENT				

1. The vehicle is 25 or more years old or the equipment item was manufactured on a date when no applicable Federal Motor Vehicle Safety Standard or Theft Prevention Standard was in effect.  
Date of manufacture: \_\_\_\_\_ [591.5(i)]
- 2A. The vehicle or equipment item conforms to all applicable Federal Motor Vehicle Safety Standards (or the vehicle does not conform solely because readily attachable equipment items that will be attached to it before it is offered for sale to the first purchaser for purposes other than resale are not attached), and Bumper and Theft Prevention Standards, and bears a certification label or tag to that effect permanently affixed by the original manufacturer to the vehicle or affixed by the manufacturer to the equipment item or to its delivery container in accordance with applicable National Highway Traffic Safety Administration (NHTSA) regulations [591.5(b)].
- 2B. The vehicle was certified by its original manufacturer as conforming to all applicable Canadian motor vehicle safety standards and its original manufacturer confirms that the vehicle conforms to all applicable U.S. Federal Motor Vehicle Safety, Bumper, and Theft Prevention Standards (or that it conforms to all such standards except for the labeling requirements of Standards Nos. 101 and 110 or 120, and/or the specifications of Standard No. 108 relating to daytime running lamps), and the vehicle is not a salvage motor vehicle, a repaired salvage motor vehicle, or a reconstructed motor vehicle, and I am importing it for personal use. [591.5(g)].  
**Attachment:** Copy of manufacturer's confirmation letter
3. The vehicle does not conform to all applicable Federal Motor Vehicle Safety and Bumper Standards, but does conform to applicable Federal Theft Prevention Standards, but I am eligible to import it because NHTSA has determined that the model and model year of the vehicle to be imported is eligible for importation into the United States, and the vehicle is not a salvage motor vehicle or a reconstructed motor vehicle, and I have furnished a bond, which is attached to this declaration, in an amount equal to 150 percent of the entered value of the vehicle as determined by the Secretary of the Treasury. If the Administrator of NHTSA determines that the vehicle has not been brought into conformity with all such standards within 120 days after importation, then I state that I will deliver such vehicle to the Secretary of Homeland Security for export, or abandon it to the United States [591.5], and that:
- a. I have registered with NHTSA pursuant to 49 CFR Part 592 and such registration is not suspended and has not been revoked; or  
b. I have executed a contract or other agreement, which is attached to this declaration, with an importer who has registered with NHTSA and whose registration is not suspended and has not been revoked. [591.5(f)]  
**Attachments:** Copy of DOT Bond, and  
Copy of Contract with a Registered Importer, if applicable.
4. The vehicle or equipment does not conform to all applicable Federal Motor Vehicle Safety, Bumper and Theft Prevention Standards, but is intended solely for export and is labeled for export on the vehicle or equipment item, and the outside of any container of the vehicle or equipment item bears a label or tag to that effect. [591.5(c)]
5. The vehicle or equipment does not conform to all applicable Federal Motor Vehicle Safety, Bumper and Theft Prevention Standards, but I am eligible to import it because all of the following conditions exist:
- a. I am a nonresident of the United States and the vehicle is registered in a country other than the United States;  
b. I am temporarily importing the vehicle for personal use for a period not to exceed 1 year, and will not sell it during that time, and  
c. I will export it not later than the end of 1 year after entry, and the declaration contains my passport number and country of issue. [591.5(d)]  
d. Passport No. \_\_\_\_\_ Country of Issue \_\_\_\_\_
6. The vehicle does not conform to all applicable Federal Motor Vehicle Safety, Bumper, and Theft Prevention Standards, but I am eligible to import it because all of the following conditions exist:
- a. I am a member of a foreign government on assignment in the United States, or a member of the Secretariat of a public international organization so designated under the International Organizations Immunities Act, and within the class of persons for whom free entry of motor vehicles has been authorized by the Department of State;  
b. I am importing the vehicle on a temporary basis for my personal use, and will register it through the Office of Foreign Missions of the Department of State;  
c. I will not sell the vehicle to any person in the United States, other than a person eligible to import a vehicle under this paragraph;  
d. I will obtain from the Office of Foreign Missions of the State Department, before departing the United States at the conclusion of a tour of duty, an ownership title to the vehicle good for export only; and  
e. I have attached a copy of my official orders. [591.5(h)(1)]  
Name of Embassy: \_\_\_\_\_  
**Attachment:** Copy of Official Orders.
7. The vehicle or equipment does not conform to all applicable Federal Motor Vehicle Safety and Bumper Standards, but is being imported solely for the purpose of research, investigations, demonstrations or training, or competitive racing events, and I state that I will comply with the applicable restrictions on importers of such merchandise as specified in 49 CFR 591.7 and I will provide the Administrator with documentary proof of export or destruction not later than 30 days following the end of the period for which the vehicle has been admitted into the United States. [591.5(i)]  
**Attachment:**  
a. Copy of NHTSA permission letter if the importer is not an original manufacturer of motor vehicles (or a wholly owned subsidiary thereof) that are certified to conform to all applicable Federal Motor Vehicle Safety Standards (FMVSS). Use on the public roads must be authorized specifically. [591.6(f)(1) or (2)].  
b. Importer's statement describing the use to be made of the vehicle or equipment item if the importer is an original manufacturer of motor vehicles (or a wholly owned subsidiary thereof) that are certified to conform to all applicable FMVSS. If use on the public roads is an integral part of the purpose for which the vehicle or equipment item is imported, the statement shall describe the purpose that makes such use necessary, state the estimated period of time during which use of the vehicle or equipment item on the public roads is necessary, and state the intended means of final disposition (and disposition date) of the vehicle or equipment item after completion of the purpose for which it is imported. [591.6(f)(3)]
8. The vehicle was not manufactured primarily for use on the public roads and thus is not a motor vehicle subject to the Federal Motor Vehicle Safety, Bumper, and Theft Prevention Standards or the equipment item is not a system, part, or component of a motor vehicle and thus is not an item of motor vehicle equipment subject to the Federal Motor Vehicle Safety Standards. [591.5(a)]  
**Attachment:** Importer's statement substantiating that the vehicle was not manufactured for use on a motor vehicle or is not an item of motor vehicle equipment. [591.6(a)]
9. The vehicle or equipment item requires further manufacturing operations to perform its intended function, other than the addition of readily attachable equipment items such as mirrors, wipers, or tire and rim assemblies, or minor finishing operations such as painting, and any part of such vehicle that is required to be marked by the Theft Prevention Standard is marked in accordance with that standard. [591.5(e)]  
**Attachment:** For a vehicle, a copy of the Incomplete Vehicle Document, issued by the incomplete vehicle manufacturer, providing guidance on completing the vehicle so that it conforms to all applicable Federal Motor Vehicle Safety Standards (FMVSS). For an equipment item, a statement issued by the item's manufacturer identifying the applicable FMVSS to which the item does not conform and describing the further manufacturing required for the item to perform its intended function. [591.6(b)].
10. The vehicle does not conform to all applicable Federal Motor Vehicle Safety and Bumper Standards but is being imported solely for the purpose of show and display, and I state that I will comply with all applicable restrictions on importers of such vehicles as specified in 49 CFR 591.7. [591.5(j)]  
**Attachment:** Copy of NHTSA Permission Letter.
11. The equipment item is subject to the Theft Prevention Standard and is marked in accordance with the requirements of 49 CFR Part 541. [591.5(k)]
12. The vehicle does not conform to all applicable Federal Motor Vehicle Safety, Bumper, and Theft Prevention Standards, but I am eligible to import it because all of the following conditions exist:  
a. I am a member of the armed forces of a foreign country on assignment in the United States;  
b. I am importing the vehicle on a temporary basis, and for my personal use;  
c. I will not sell the vehicle to any person in the United States, other than a person eligible to import a vehicle under this paragraph;  
d. I will export the vehicle upon departing the United States at the conclusion of my tour of duty, and  
e. I have attached a copy of my official orders. [591.5(h)(2)]  
**Attachment:** Copy of Official Orders.
13. The vehicle does not conform to all applicable Federal Motor Vehicle Safety and Bumper Standards, but does conform to applicable Federal Theft Prevention Standards, and I am eligible to import it because I am registered with NHTSA pursuant to 49 CFR Part 592 and such registration is not suspended and has not been revoked, I have informed NHTSA that I intend to petition, or I have petitioned, that agency to decide that the vehicle to be imported is eligible for importation, and NHTSA has granted me permission in writing to import the vehicle for that purpose. If the Administrator of NHTSA dismisses my petition, or decides that the vehicle is not eligible for importation, or I withdraw my petition or I fail to submit a petition covering the vehicle within 180 days from the date of entry, then I state that I will deliver such vehicle, unless it is destroyed, to the Secretary of Homeland Security for export, or abandon it to the United States, within 30 days from the date of the dismissal, denial, or withdrawal of my petition, as appropriate, or within 210 days from the date of entry if I fail to submit a petition covering the vehicle. If the Administrator of NHTSA grants my petition, then I state that within 15 days from the date that I am notified of that decision, I will furnish a bond, in an amount equal to 150 percent of the entered value of the vehicle as determined by the Secretary of the Treasury, unless the vehicle is destroyed, to ensure that I will bring the vehicle into conformity with all applicable Federal Motor Vehicle Safety and Bumper standards within 120 days from the date the petition is granted, or will deliver the vehicle to the Secretary of Homeland Security for export, or abandon it to the United States; if the vehicle is destroyed, then I state that I will furnish NHTSA with documentary proof of that destruction within 15 days from the date that it occurs.  
**Attachment:** Copy of NHTSA permission letter.

EPA Requirements: Importers of motor vehicles/engines and nonroad vehicles/engines/equipment must also submit EPA form 3520-1 or 3520-21 to U.S. Customs and Border Protection to identify the basis for importation into the United States and U.S. territories under the laws administered by the United States Environmental Protection Agency. For more information, please see [www.epa.gov/oaqim/imports/index.htm](http://www.epa.gov/oaqim/imports/index.htm)

**PAPERWORK REDUCTION ACT STATEMENT** A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. The OMB Control Number for this information collection is 2127-0002. The information collected on this form is necessary to import a motor vehicle or motor vehicle equipment into the United States. We estimate that it will take approximately 5 minutes to complete the form. The information collected is mandatory under 49 CFR 591.5. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to Information Collection Clearance Officer, National Highway Traffic Safety Administration, 1200 New Jersey Ave, S.E., Room W45-205, Washington, DC, 20590.

**Figure K4-5. DOT Form HS-7, Importation of Motor Vehicles and Motor Vehicle Equipment Subject to Federal Motor Vehicle Safety, Bumper and Theft Prevention Standards**

 United States Environmental Protection Agency Declaration Form <b>Importation of Motor Vehicles and Motor Vehicle Engines Subject to Federal Air Pollution Regulations</b> U.S. E.P.A., Compliance Division, 2000 Traverwood Drive, Ann Arbor, MI 48105 <a href="http://www.epa.gov/otaq/imports">www.epa.gov/otaq/imports</a> Phone (734) 214-4100 Fax (734) 214-4676			
<p><b>This form must be submitted to the U.S. Customs and Border Protection (Customs) (42 USC 7522, 7601: 19 CFR 12.73) for each motor vehicle (including motorcycles, disassembled vehicles, kit cars, light-duty vehicle/motorcycle engines) imported into the U.S., except that this form is not required for motor vehicles that are imported by their original manufacturer and are new and are covered by an EPA certificate of conformity and bear an EPA emission control label. One form per shipment may be used, with attachments including all information required to fully describe each vehicle or engine as below. Check the box below indicating the provisions under which you are importing this vehicle or engine. Offroad vehicles/engines and heavy-duty engines must use form 3520-21. Note: Although only imports using codes G, I, K, L, M-3, and O require specific written authorization from EPA, Customs may request EPA review of importer documentation and eligibility for any import using this form. A nonconforming vehicle that is ineligible for the exemptions or exclusions listed below, must be imported through an independent commercial importer (ICI) under codes A, C, J, or Z. For codes A, C, J, and Z, EPA does not authorize the release to the vehicle owner.</b></p> <p><b>Penalties:</b> Any person who knowingly makes any false or fraudulent statement, or omits or conceals a material fact can be fined up to \$250,000 or imprisoned for up to 5 years, or both (18 USC 1001). Any person who improperly imports a motor vehicle (including a motorcycle) or engine may be fined up to \$32,500 per vehicle or engine (42 USC 7524), and may be subject to forfeiture of the entire importation bond, if applicable (40 CFR 85.1513), and the U.S. Customs Service may seize the vehicle or engine (19 CFR 162.21).</p>			
<b>Description and Declaration of Motor Vehicle or Motor Vehicle Engine (Note: Heavy-duty Engines must use form 3520-21)</b>

<b>U.S. conforming and "identical" vehicles</b>			
<p><input type="checkbox"/> <b>code B - U.S. certified - unmodified vehicle bearing a U.S. EPA emission control label in engine compartment (or on motorcycle frame) in English.</b></p> <p><input type="checkbox"/> <b>code F - U.S. certified, catalyst restoration - U.S. certified vehicle as described above, except that the catalyst, oxygen sensors or fuel filler neck restrictor were removed or damaged. The importer attests that the catalyst and oxygen sensors and fuel filler neck restrictor, as applicable, will be re-installed or replaced after importation. If leaded gasoline was used, the importer attests that after importation (1) the fuel tank will be drained and refilled with unleaded gasoline, (2) the catalyst and oxygen sensors, if they were left on the vehicle during use of the leaded gasoline, will be replaced, and (3) the fuel filler neck restrictor will be checked and replaced as necessary. No bond or EPA approval is required.</b></p> <p><input type="checkbox"/> <b>code EE - identical in all material respects to a U.S. certified version - either 1) Canadian vehicle (proof required e.g. Canadian emission control label, registration or title, or letter from the U.S. or Canadian manufacturer representative on letterhead verifying manufacture for sale in Canada) on EPA list of Canadian "identical" models, or 2) vehicle from any country with letter attached to this form from the manufacturer's U.S. representative on letterhead (not a dealer or mechanic) stating that the vehicle is identical to a U.S. EPA certified version with respect to emissions. The importer attests that vehicle is being imported for purposes other than resale or lease. For import of "identical" Canadian vehicles for resale, use code FF.</b></p> <p><input type="checkbox"/> <b>code FF - Canadian "identical" models imported for resale or lease - Canadian vehicle as described above appearing on EPA list of Canadian "identical" models, imported for resale or lease. The importer attests that the importer will satisfy applicable labeling, warranty and CAFE requirements as specified by EPA.</b></p>			
<b>EPA exempted vehicles</b>			
<p><input type="checkbox"/> <b>code M - miscellaneous exemption, either 1) Canadian vehicle as described above (proof required) and the importer is either permanently emigrating to the U.S. or will reside in the U.S. for greater than one year under a worker or student visa, or 2) Canadian vehicle received by U.S. resident through inheritance, or 3) EPA hardship letter based on unforeseen and extraordinary circumstances is attached to this form.</b></p> <p><input type="checkbox"/> <b>code E - vehicle at least 21 years old (calendar year of manufacture subtracted from year of importation) and in original unmodified configuration is either exempted or excluded from EPA emission requirements, depending on age. Vehicles at least 21 years old with replacement engines are not eligible for this exemption unless they contain equivalent or newer EPA certified engines. Customs may require proof of vehicle age.</b></p>			

**Figure K4-6. EPA Form 3520-1, Importation of Motor Vehicles and Motor Vehicle Engines Subject to Federal Air Pollution Regulations**

 United States Environmental Protection Agency
<b>Excluded vehicles</b>
<input type="checkbox"/> <b>code L - racing vehicle</b> as determined by EPA and may not be registered or licensed for use on or operated on public roads or highways (40 CFR 85.1511(e)). EPA letter of approval must be attached to this form.
<input type="checkbox"/> <b>code U - 2005 model year (or older) motorcycle, scooter or moped</b> with engine displacement less than 50cc and with rated speed greater than 5000 rpm.
<input type="checkbox"/> <b>code W - non-chassis-mounted engine</b> to be used in a light-duty vehicle or light-duty truck or motorcycle which is currently covered by an EPA certificate or will be covered by an EPA certificate prior to introduction into commerce.
<input type="checkbox"/> <b>code Y - unregulated fuel</b> - a vehicle that: (1) for model years earlier than 1991 operates on fuel other than gasoline or diesel fuel, or (2) for 1991- 1996 model years operates on fuel other than gasoline or diesel or methanol fuel, or (3) for 1997 and later model years operates on fuel other than gasoline or diesel or methanol or ethanol or compressed natural gas (CNG) or liquid petroleum gas (LPG), including propane. This exemption does not apply to 2004 and later model year vehicles.
<b>Temporary imports</b>
<input type="checkbox"/> <b>code G - imported for repair or alteration</b> in accordance with 40 CFR 85.1511(b)(1). May not be registered or licensed for use on, or operated on public roads or highways, or sold or leased in the U.S. <b>Customs bond required.</b> EPA requests that the vehicle be bonded for at least its full value. EPA letter of approval must be attached to this form.
<input type="checkbox"/> <b>code I - imported for testing purposes</b> in accordance with 40 CFR 85.1511(b)(2). May not be registered or licensed for use on or operated on public roads or highways (except operation that is integral to the purpose of the testing program) or sold or leased in the U.S. <b>Customs bond required.</b> EPA requests that the vehicle be bonded for at least its full value. EPA letter of approval must be attached to this form.
<input type="checkbox"/> <b>code K - imported for display</b> (solely for public or business purposes, and not for private purposes or U.S. market sales promotions) in accordance with 40 CFR 85.1511(b)(4). May not be registered or licensed for use on or operated on public roads or highways (except operation that is integral to the purpose of the display) or sold or leased in the U.S. <b>Customs bond required.</b> EPA requests that the vehicle be bonded for at least its full value. EPA letter of approval must be attached to this form.
<input type="checkbox"/> <b>code N - imported for up to one year</b> by member of the armed forces or personnel of a foreign government on assignment to the U.S., for whom free entry has been authorized in writing by the U.S. Department of State, or a member of the armed forces of a foreign country with official orders for duty in the U.S.
<input type="checkbox"/> <b>code O - imported by nonresident for personal use</b> by an individual for a period up to a year. EPA letter of approval must be attached to this form.
<b>Independent commercial importer (ICI) imports</b>
<input type="checkbox"/> <b>code A - imported by an ICI for modifications</b> in accordance with a valid EPA certificate of conformity issued for the specific make, model, and model year in accordance with 40 CFR 85.1505.
<input type="checkbox"/> <b>code C - imported by an ICI for modification and testing</b> in accordance with 40 CFR 85.1509. Vehicle must be at least 6 years old.
<input type="checkbox"/> <b>code J - imported by an ICI for the purpose of pre-certification testing</b> in order to obtain an EPA certificate of conformity. No EPA approval is required. The ICI has 180 days to obtain a certificate or export (40 CFR 85.1511(b)(3)). <b>Customs bond required.</b>
<input type="checkbox"/> <b>code Z - imported by an ICI for the purpose of modifying</b> to be identical to an original equipment manufacturer (OEM) certified version in accordance with written instructions from the OEM that are specific to the vehicle being imported.
<b>OEM imports</b>
<input type="checkbox"/> <b>code H - imported, owned, and controlled directly</b> by an original equipment manufacturer (OEM) on EPA list of OEM certificate holders provided to Customs, for research, development or testing purposes in accordance with 40 CFR 85.1706. This is a temporary exemption without time limit. If the vehicle is subsequently covered by an applicable EPA certificate of conformity, it is released from the restrictions of this exemption.
<input type="checkbox"/> <b>code Q - imported, owned, and controlled directly</b> by an original equipment manufacturer (OEM) on EPA list of OEM certificate holders provided to Customs, for storage pending receipt of the applicable EPA certificate of conformity, which is pending and imminent. Use of this code is no longer permitted once EPA has issued the applicable certificate of conformity.
<b>U.S. Department of Transportation Requirements</b>
<b>Note:</b> Importers of vehicles that are primarily manufactured for use on public roads must also file an HS-7 Declaration form to identify the basis for the vehicle's admission under the laws administered by the U.S. Department of Transportation. For more information, see <a href="http://www.nhtsa.dot.gov/cars/rules/import/">www.nhtsa.dot.gov/cars/rules/import/</a> .
<b>Paperwork Reduction Act Notice</b>
This information is collected to ensure that motor vehicles and engines imported into the U.S. conform with applicable emission requirements. Responses to this collection are mandatory (40 CFR 85.1501 et seq., and Clean Air Act Sections 203 and 208). Information submitted to the Agency under a claim of confidentiality will be safeguarded according to policies set forth in Title 40, Chapter 1, Part 2, Subpart B. The public reporting and recordkeeping burden for this collection of information is estimated to average 30 minutes per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.
