The philosophy and mission of the Department of Substance Abuse Services (DSAS) is to provide excellent, safe and effective patient care through the delivery of various treatment interventions and services.

DSAS, as part of the Army Substance Abuse Program (ASAP) provides services for active duty Soldiers to increase individual fitness and unit readiness by:

- Identifying Soldiers with substance use disorders as early as possible
- Treating alcohol and drug abuse
- Providing crisis intervention, clinical services and overall management of patient care
- Restoring Soldiers to an effective and healthy lifestyle able to meet the Army mission

**A Wide Scope  
of Services to  
Support Our  
Troops**

## Services Offered:

- Screening/Intake
- Evaluation/Assessment
- Treatment planning
- Individual and Group Counseling
- Consultation Services
- Psychopharmacological Management
- Referral Services
- Community Outreach

**Supporting the Army Mission  
and Command Readiness!**

## Eligible Beneficiaries

Army Substance Abuse Program (ASAP) services are authorized for active duty who are eligible to receive military health care services.

## Collaboration

ASAP works in collaboration with Fort Hood Garrison prevention and deterrence programs to:

- Provide early identification and treatment
- Prevent loss of productivity due to substance use
- Provide education/intervention rehabilitation services
- Assist Command with identifying those who successfully complete treatment
