THE NAVY'S EMERGENCY PREPAREDNESS PROGRAM

— 4 METHODS —
for Real-time ALERTS during crisis or closure

Computer Desktop Notification System (CDNS) *(Works whenever you are logged in)*

» CDNS is effective when Navy personnel are physically located in front of their NMCI/One Net computer (desktop or laptop) and it is connected to the NMCI/One Net network.

Automatic Telephone Notification System (ATNS)/SMS (Text) *(Requires Registration)*

» Allows Navy personnel (NMCI and One Net account holders) and family members, if designated, to receive immediate alerts and information during a crisis or closure, **anywhere** they are by e-mail, phone, or text, **IF** mobile and personal contact information is provided in WAAN.

Giant Voice (GV)

» A voice announcing system using exterior speakers, commonly termed "Giant Voice"

Indoor Voice (IV)

» Interior speakers or sirens

Register Now
It's a requirement.

• All military (active duty and Reserve), civil service, and contractor personnel with an NMCI or One Net user account are required to register their office email address and phone number, at minimum, in the WAAN. Registering personal emergency contact information also is strongly encouraged.

• Personnel are **not** automatically registered in the WAAN.

Benefits
Before - During - After

• Registration enhances your safety and empowers you to react in times of crisis.

• Registration ensures that real-time alerts provide information to you and your family on what to do and where to go in an emergency.

• Registration allows you to find out about base closures due to weather or an emergency, before you show up.

• Registration permits you to be notified when it is clear/safe to return to the installation.

Your personal information is safeguarded.
