

READY NAVY  
KIDS!

TSUNAMI

A tsunami is a giant, dangerous wave. To prepare, Ready Navy Kids know to find a safe place to escape to in 15 minutes. The best place is at least 2 miles inland and 100 feet above sea level.

Follow the legend and color the picture by number to find Natalie and Adam in the safe zone!

LEGEND

- 0-1 MILES = Danger Zone (Red)
- 1-2 MILES = Still Dangerous (Yellow)
- 2+ MILES = Safe Zone (Green)
