FORT LEE POLICY NO. 05-13

FEB 16 2016

MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Fort Lee Municipal Separate Storm Sewer System (MS4) Policy

1. REFERENCES:

- a. AR 200-1, Environmental Protection and Enhancement, 13 December 2007.
- b. Title 40 Code of Federal Regulations Part 122.26 (40 CFR 122.26), Storm Water Discharges.
- c. VAC 50-60, Virginia Stormwater Management Program (VSMP) Regulation.
- d. Fort Lee MS4 Permit #VAR040007.

2. PURPOSE: To establish and enforce the storm water management program at Fort Lee, VA.

3. DISCUSSION:

a. Fort Lee operates a municipal separate storm sewer system (MS4), under permit number VAR040007 as defined in Clean Water Act storm water regulations, 40 CFR 122.26.

b. The storm water regulations and MS4 permit require Fort Lee to develop, implement and enforce a storm water management program designed to reduce the discharge of pollutants from its MS4 to the maximum extent practicable to protect water quality. The program must implement six minimum control measures, including construction site storm water runoff control and post-construction storm water management in new development and redevelopment. These construction control and management measures include requirements for erosion and sediment controls and best management practices.

c. Illicit, non-stormwater discharges to Fort Lee's MS4 are prohibited.

4. POLICY REQUIREMENTS:

Revision control of this document is maintained electronically. If printed, individuals are responsible for ensuring the use of the current version. Files are located online with a CAC card at https://army.daps.mil/army/cmbd/leecom/leecom/PLG/daw/emd/SitePage/PLG_EMS_Manual/Home.aspx within EMS Manual under [Listing of Documents](#).

IMLE-ZA

SUBJECT: Fort Lee Municipal Separate Storm Sewer System (MS4) Policy

a. Installation staff, tenants, activities, contracting offices, and contractors must comply with all the requirements outlined in Fort Lee's MS4 Permit, Integrated Storm Water Pollution Plan, and Fort Lee Environmental Special Conditions. Failure to comply with these requirements will result in appropriate disciplinary actions being taken against violator(s) as appropriate.

b. Potential sanctions for contractor violations may include, but are not limited to:

(1) Contract payment withholding, liquidated damages, setoff, or equitable adjustment.

(2) Indemnification of Government costs due to administrative enforcement and litigation.

(3) Contract termination.

(4) Consideration in past performance evaluations in award of future contracts.

(5) Suspension or debarment from bidding or working on future contracts and/or Stop-work orders may be issued for the entire project until violations have been rectified to the satisfaction of the U.S. Government.

5. EFFECTIVE DATE: This policy is effective on the date of signature.

6. PROPONENT: Proponent for this policy is the Directorate of Public Works (DPW), Environmental Management Division (EMD), ext. 734-3772 or 734-3760.
