

The Fort McCoy iSportsman system is experiencing technical difficulties. While the system is being repaired, we have developed back-up procedures to allow hunters and anglers to access open hunting and fishing areas.

The Game Line area closure list and daily sign-in sheets are posted at the Hunter Information Point (HIP), located at the intersection of Highway 21 and “J” Street.

All users must check the closures and sign-in before entering the hunting areas to ensure there is no military training in the area.

Deer and turkey hunters must also report any harvest on the sign-in/sign-out sheets when they leave Fort McCoy.

NOTE: Fort McCoy DOES NOT have a Youth Gun Deer Hunt.

We appreciate your patience as we work with the iSportsman developers to get the system back up and running.
