

Technology Requirements for Defense Acquisition University Online Coursework

16 August 2016

To complete online coursework, you must have access to a computer with the following minimum capabilities:

1. Windows 7 Service Pack 1
2. Internet Explorer 8.0-11.0, **Firefox, Chrome**
3. Browser Settings:
 - a. Pop-up blockers disabled
 - b. Cookies enabled at medium-low security level
4. Java Runtime Environment: Enabled, version 1.7 or above - AJAX has replaced the necessity for Java.
5. Adobe Flash Player Version 16+
6. Windows Media Player 12+
7. Adobe Acrobat Reader Version 11+
8. Adobe Shockwave Player 12+
9. Intel Pentium 4 Processor (1.6-2.4 GHz) or faster
10. 40GB of available hard disk space
11. 1 GB of RAM
12. Recommended Display Settings:
 - a. 1024 x 768 minimum resolution
 - b. Font size or DPI set to normal or 100%
13. Internet Connection: 56 kbps+ (1.5 Mbps recommended)
14. 16 bit Sound Card and Speakers

When logging on to the DAU Virtual Campus at <https://learn.dau.mil>, students should review the computer requirements in the “System Requirements” option under the “Help” menu. This will help students ensure their computers are able to run online courseware successfully. Some online courses have additional software requirements that are explained at the beginning of the course.
