1. JIAT Software Requirements

In order to run JIAT, the following software is required:

JIAT Workstation requirements

For the JIAT end-user's workstation to access the JIAT website:

- o Microsoft Windows Vista, 7, 8
- o Microsoft Internet Explorer 8.0, 9.0, 10.0, 11.0

External Server Hosting a Provider

For an external server to host a JIAT Provider:

- o Microsoft Windows Server 2003
- o Microsoft .NET Framework 3.5 sp1
- o Microsoft Internet Information Server (IIS) 6.0 (web server software)

2. JIAT Security

JIAT is a secure application that utilizes SSL (Secure Socket Layer) and is hosted within the AWPS Portal (Army Workload and Performance System). In order to access JIAT, the end-user must provide a CAC and PIN to obtain a JIAT website account.

Requesting a JIAT Account

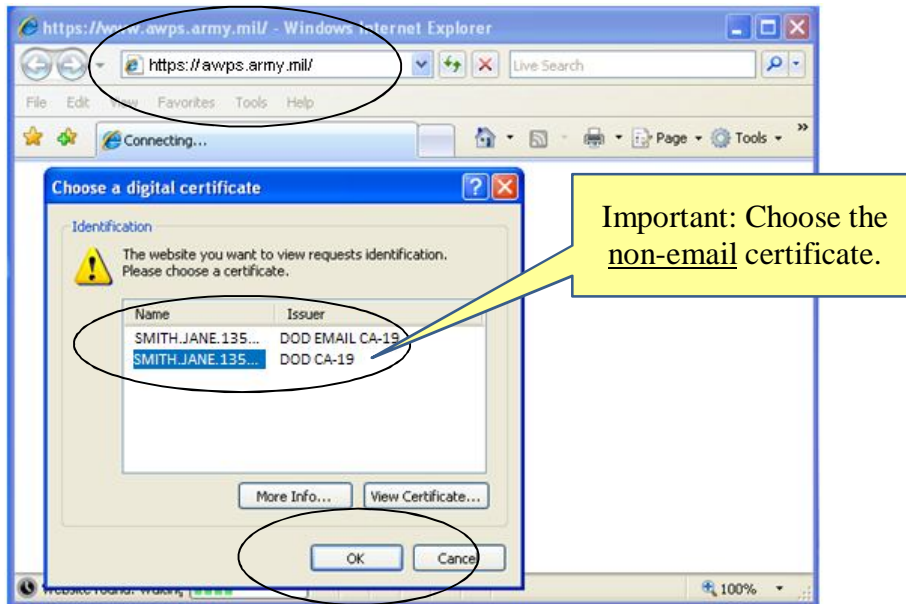

3. Set Up an AWPS Portal Account

You must set up user account for the AWPS Portal in order to request access to JIAT.

Ensure your CAC is inserted, then in Internet Explorer, enter the URL:

<https://www.awps.army.mil/>

Select your CAC certificate from the list. Click OK.

Enter your PIN and click OK.

Requesting a JIAT Account

Accept the Access Agreement.

AWPS

AWPS ARMY WORKLOAD AND PERFORMANCE SYSTEM

You are accessing a U.S. Government (USG) Information System (IS) that is provided for USG-authorized use only. By using this IS (which includes any device attached to this IS), you consent to the following conditions:

- The USG routinely intercepts and monitors communications on this IS for purposes including, but not limited to, penetration testing, COMSEC monitoring, network operations and defense, personnel misconduct (PM), law enforcement (LE), and counterintelligence (CI) investigations.
- At any time, the USG may inspect and seize data stored on this IS.
- Communications using, or data stored on, this IS are not private, are subject to routine monitoring, interception, and search, and may be disclosed or used for any USG authorized purpose.
- This IS includes security measures (e.g., authentication and access controls) to protect USG interests--not for your personal benefit or privacy.
- Notwithstanding the above, using this IS does not constitute consent to PM, LE or CI investigative searching or monitoring of the content of privileged communications, or work product, related to personal representation or services by attorneys, psychotherapists, or clergy, and their assistants. Such communications and work product are private and confidential. See User Agreement for details.

NEW See instructions after login to enable your CAC to Auto Login to AWPS.

Bypass CAC Auto Login (option)
Check box if you need to change your CAC after you have registered it for CAC Auto Login, or for any other reason you need to login with your User ID and Password.

Click the link to "New User Request."

Request Form Guidance

CMD / Depot / Service

If your Affiliation is:	Select this item in the list:
U.S. Army Materiel Command (AMC)	U.S. Army Materiel Command
U.S. Army Aviation and Missile Management Command (AMCOM)	Aviation and Missile CMD
U.S. Army Communications-Electronics Command (CECOM)	Comm and Electronics CMD
U.S. Army Forces Command (FORSCOM)	U.S. Army Forces Command (FORSCOM)
Office of the Dpty Asst Sec of the Army - C&E (ODASA-CE)	Office of the Deputy Asst Secretary of the Army CE
U.S. Army Tank-Automotive Command (TACOM)	Tank-Automotive and Armaments Command (TACOM)
U.S. Army Training and Doctrine Command (TRADOC)	U.S. Army Training and Doctrine Command (TRADOC)
U.S. Air Force (Govt) (AIR FORCE)	United States Air Force
U.S. Navy (Govt) (NAVY)	United States Navy

If nothing in the list applies, choose the most appropriate Military Service (e.g. United States Army). This is a required field on the form.

Gov / Military / Contractor

Select the designation appropriate for your position.

Contractors are not eligible. Only Military and Government/Civilian personnel are eligible for JIAT accounts.

Applications you are requesting access to:

Find the “JIAT” checkbox in the list and mark it.

Request Details

Add a short note that indicates your specific need or interest in JIAT. This will help JIAT Administrators in approving your request.

Submit Request

Click the ‘Submit Request’ button to finish. Approval for your account and temporary password will be sent to the email address you provide on the form.

Requesting a JIAT Account

4. Enable CAC Auto Login

Once you receive the account approval e-mail, login to the ADCF Portal using your Username and temporary Password to begin the process of association of your account with your CAC. Click the “Begin Login” button.

The screenshot shows the AWPS Login page in Internet Explorer. The browser address bar displays the URL: <https://www.awps.army.mil/default.asp?Disclaimer=ack&aueggws=1&aueggwr=0>. The page title is "AWPS Login - Windows Internet Explorer".

The main content area features a green header with the AWPS logo and the text "ARMY WORKLOAD AND PERFORMANCE SYSTEM". Below the header, there is a welcome message: "Welcome to the US Army web application environment. Authorized users will have access to web based applications used to manage Maintenance, Logistics, Budgeting, and Workload and Performance for several US Army, National Guard, and Army Reserve activities." followed by the statement "Only UNCLASSIFIED use of this system is allowed."

The login form contains the following fields and information:

- AWPS User ID: jane.smith
- Password: [Redacted]
- PKI Issuer: DOD CA-19
- PKI Subject: SMITH,JANE 135791112
- Valid From: 4/24/2009
- Valid Until: 9/29/2010 11:59:59 PM

Below the form, there is a "Begin Login" button and a "Forgot your password?" link. The "Begin Login" button is circled in red.

On the left side of the page, there is a green sidebar with the following links: "DoD DISCLAIMER", "AWPS HELPDESK", "NEW USER REQUEST", "AMMO TRAINING", "MAINTENANCE TRAINING", and "CLOSE".

At the bottom of the page, there is a "Login via AKO using CAC" button and a "Powered By AKO Authentication" logo. Below these, there are instructions: "Instructions: AKO CAC access to AWPS is available only after you register your AKO account with your AWPS account and your AKO account has your CAC registered to it. To initiate this registration please login normally then click the 'Account Information' link for more instructions." and an error handling note: "If Error Occurs: When AKO Authentication fails, you may receive a white Error page with message. If this occurs please try again later. If you are having consistent failures using this AKO CAC Login option, please contact the AWPS Helpdesk."

Requesting a JIAT Account

Your password must be reset on your first visit. (Option 3) Enter and Confirm new password and press "Change Password." Password Rules are explained lower on the page.

Your Password has expired, please change your password now.

AWPS Access Options:
There are three options, you can continue to use a password, or you can register to be authenticated by AKO or your CAC (for which you will no longer need to enter a password).

Option 1) AKO CAC Registration:

In order to successfully register with AKO, please read requirements first:

- Prior to performing this registration, your CAC PKI Certificate must already be registered with your AKO Account. If it is not already registered, then please go to the [AKO website](#) and follow the instructions under the Common FAQs link for using your CAC to login to AKO.
- Prior to performing this registration, your first name and last name in AWPS, must exactly match your CAC PKI Certificate. If they do not then please correct and save the above account information first, then perform this registration process.
- Only one (1) AWPS Account may be associated with your AKO CAC, if you have multiple AWPS Accounts then please contact the [AWPS Helpdesk](#) to begin the process of consolidating your AWPS accounts.
- After performing this registration your current AWPS password will no longer function, from then on use only the "Login via AKO using CAC" button (on the AWPS Login page) to access AWPS.
- If the AKO Authentication service fails during this registration process you may receive a white Error page or other message. If so then please try again later, if you have consistent failures then please contact the [AWPS Helpdesk](#) for further assistance.

Please check the boxes to confirm verification and acceptance, then click the "Register for AKO CAC Login" button.

Yes, my CAC PKI Certificate is registered with my AKO Account.
 I understand that if this registration process fails to authenticate me, my AWPS Account will be locked. (If this occurs then you should contact the AWPS Helpdesk.)

APPLICATIONS

Requesting a JIAT Account

Click the JIAT Portal link.

The presence of the JIAT Portal Home page indicates successful connection to JIAT.

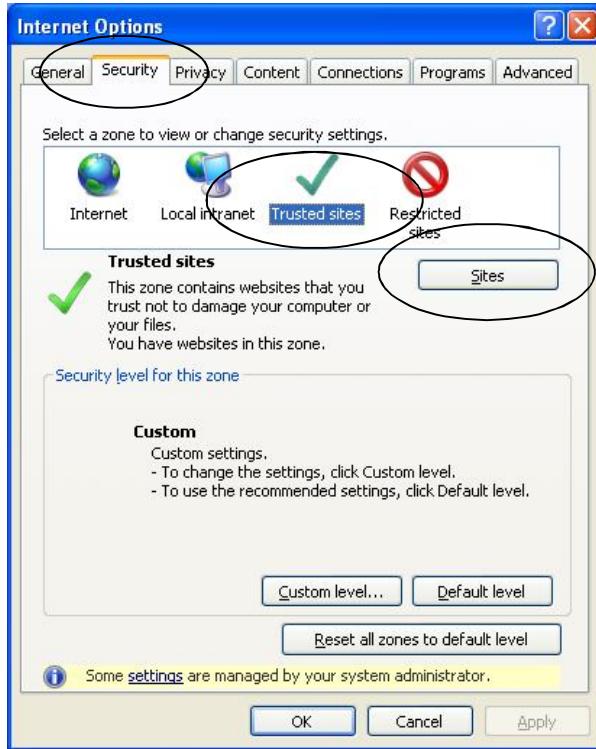

Add <https://www.awps.army.mil> as a favorite to access JIAT via the AWPS Portal.

5. Internet Options

Trusted Sites

Perform the following steps in order to ensure JIAT is configured properly. Enable Internet Explorer's Menu Bar. In the browser window, choose Tools > Internet Options, go to the Security tab and click on "Trusted Sites." Then click on the "Sites" button.

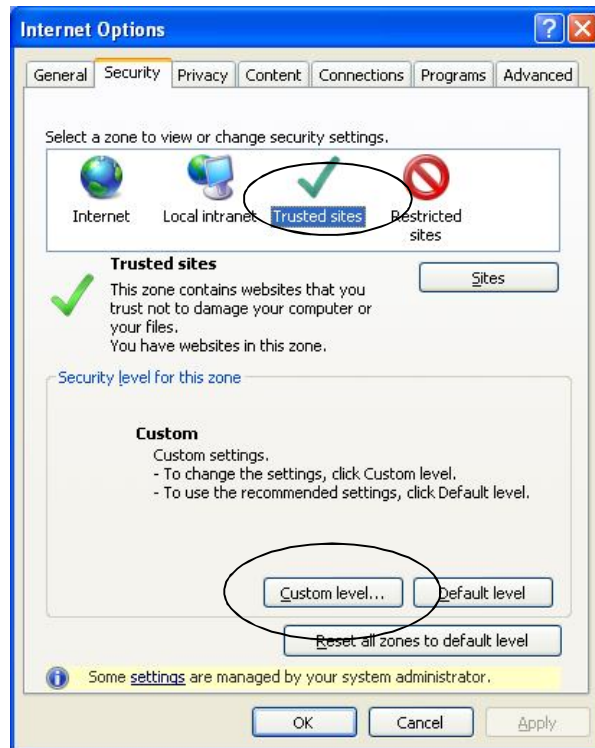

In the control labeled "Add this website to the zone," type "**https://jiat.awps.army.mil.**" Uncheck box below Websites list labeled "Require server verification (https) for all sites in this zone." Click the 'Add' button, then 'Close.'

Requesting a JIAT Account

Custom Level

Click on 'Trusted Sites,' then click on the "Custom level" button.

The Custom Level Settings dialog is organized into subtitled sections, each with various setting labels and setting values indented, as shown below. Use the vertical scroll bar to navigate down the list.

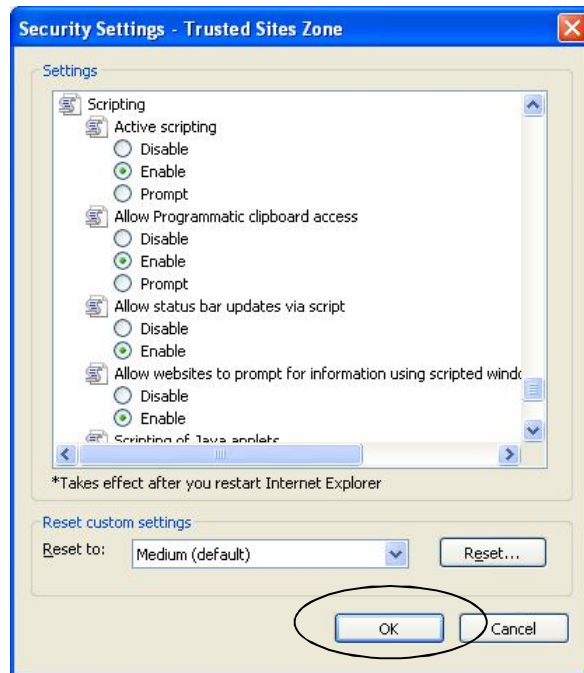

Requesting a JIAT Account

Use the table below to apply Custom Level settings according to your Internet Explorer version.

IE9, IE10, IE11	
Section Custom Level Item	JIAT Setting
Downloads File download	<input type="radio"/> Enable
Miscellaneous Display mixed content	<input type="radio"/> Enable
Miscellaneous Use Pop-up Blocker	<input type="radio"/> Disable
Scripting Allow Programmatic clipboard access	<input type="radio"/> Enable

Click the “OK” button to close Custom level.

Click the “Yes” button to confirm changes.

Requesting a JIAT Account

SSL and TLS Settings

Before closing Internet Options, verify SSL and TLS settings, as shown in the picture:

Use SSL 3.0

Use TLS 1.0

Click the "OK" button to close Internet Options.
