Welcome to the How to do Business in the Department of Defense Personal Property Program site.

We welcome the opportunity to provide information on our programs and will assist you to the degree allowed by law and DOD regulation. SDDC is the first point of contact for the motor carrier, freight forwarder, broker, mobile home carrier or boat carrier when soliciting approval to participate in the DOD Personal Property Programs. SDDC is responsible for management on a worldwide basis, the DOD Personal Property Program on behalf of the military services and the United States Coast Guard.

The How to do Business in the Department of Defense Personal Property Program book contains a link to the Tender of Service and procedures for carrier (Transportation Service Provider TSP) qualification. Since changes to regulations and procedures do occur, the book should be considered a guide.

Once the file loads, use the “find” feature to locate the carrier’s name, physical location address, mailing address, email address, and telephone/facsimile numbers. You can use the Standard Alpha Carrier Code (SCAC) or a portion of the carrier’s name for your search. The carrier information is uniformly set up for each approved carrier.

This carrier listing is updated frequently by SDDC. Therefore, we recommend you go out to the web each time you need to get carrier information, rather than download the list to your computer. If, for some reason, the carrier you need isn't in this listing, please call 757-366-6504.

The first address listed is the TSP's physical location and the second address listed is their mailing address. Also listed are telephone and facsimile numbers, as well as an email address.
