

DISTRACTED DRIVING

No one was injured, but the message is clear. When driving, you should just drive and not be drinking, texting, talking on the phone, distracted or overly tired/fatigued.

Not all accidents are without injury!

ASLEEP-AT-THE-WHEEL!!!

- This accident occurred north of Deer Lodge Montana on I-90
- 22 year old male heading east to college
- Left central Washington early in the morning, driving too many hours without a break or rest
- Fell asleep at the wheel and drifted off the shoulder hitting the end of the section of guard rail
- Guard rail came through the right headlight, engine compartment, firewall, glove box, passenger seat, rear seat and exited out the driver's side rear window
- 120' of guard rail threaded through the vehicle
