

The Asymmetric Warfare Group

Uniqueness of AWG:

An Army unit comprised of senior active duty Soldiers, D.A. civilians, and contractors who are seasoned war fighters and functional area experts that are prepared to deploy globally.

Experience

Proximity

Duration

Army's only unit dedicated to countering current and emerging asymmetric threats by:

- Identifying and developing solutions for friendly capability gaps
- Exploiting enemy vulnerabilities

Unique enabler for Army Transformation and Rapid Solution Development

Operates with Full Range of Forces:

generating / operating, (Army/Joint/SOF)

Simultaneous collaboration with HQDA Staff, TRADOC , FORSCOM , AMC , GCCs, ASCCs, and TSOCs

Firsthand observations and solution development process enables:

Rapid identification, development, assessment, and dissemination of materiel and non-materiel solutions across DOTMLPF domains to mitigate gaps or vulnerabilities.

Partnership with Army Organizations, Rapid Equipping Force (REF), Center for Army Lessons Learned (CALL) and many others (JIEDDO, CTTSO, etc)
