

Allergy and Asthma Class: This class, offered from 1330-1500, educates those with allergies and/or asthma on reducing the attacks while also reducing the need for medication and clinic visits.

Cholesterol Class: A two-hour class from 1400-1600, offers participants information on nutritional and physical fitness methods for reducing total cholesterol level/improving HDL/LDL ratio, while improving overall health.

Diabetes Class: This one and a half hour class is offered from 1400-1530, and provides participants information on nutritional and physical fitness methods for reducing blood glucose levels, while promoting overall health.

<u>Hypertension Class:</u> This one hour class is offered from 1330-1430, and provides participants information on nutritional and physical fitness methods for lowering blood pressure.

Self Care Class (Take Care Of Yourself):

This class provides an orientation to self-care tools noted in the "Take Care of Yourself' book and offers a brief overview of how to access health care at Fort Wainwright. Upon completion of this class, Tri-Care beneficiaries may obtain a select group of non-prescription medications, at no cost, from the pharmacy.

THIS CLASS IS NOW AVAILABLE ONLINE! Call or See Arctic Health Link for access instructions.

Tobacco Use Cessation Program: Each session consists of a one-time four-hour class designed to educate and support those desiring to quit tobacco use.

Please call us to see which classes are offered

at your location.
