Lock 27			
<u>St. Louis</u>		180	MILE 83.5 - AGROUND BARGES/SALVAGE OPERATION Two barges have been reported aground in the vicinity of Mile 83.5, RDB. Salvage operations are ongoing. Mariners are requested to contact the M/V DAVE ANDERSON via VHF-FM Channel 13, 16 or 65, when approaching the area and to transit the area at their slowest safe speed to minimize their wake.
			UPPER MISSISSIPPI RIVER - SUBSURFACE ROCK REMOVAL/TRAFFIC MANAGEMENT/REGULATED NAVIGATION AREA - UPDATE Continuing until approximately 4/12/14, the U.S. Coast Guard (USCG) has established a Regulated Navigation Area (RNA) from Mile 109.9 to Mile 0.0. This RNA is to support USACE contracted subsurface rock removal operations in the Thebes, Illinois area and the management of vessel traffic during this work. Continuing until 4/12/14, ALL vessels that are fitted with an Automatic Information System (AIS) MUST have the system turned on and transmitting to assist the USCG in vessel traffic management. Various other vessel restrictions and/or requirements may be put in place, at different times, during this project. Specific requirements will vary based on the planned work and actual and forecasted river conditions. The current restrictions and requirements will be communicated via Broadcast Notice to Mariners (BNMs) and through communications with the River Industry Action Committee (RIAC).
