Suicide in Military and Veteran Populations: Implications for Chaplains, Health Care Providers and Leaders

Resources

The [Real Warriors Campaign](#) provides suicide prevention resources for service members, veterans and their families and health professionals.

[Stop Soldier Suicide](#) is a national and community-based network of volunteers and [partner organizations and resources](#) providing a range of solutions for service members, veterans and family members.

The Department of Veterans Affairs [Suicide Data Report, 2012](#) contains prevalence data and characteristics of suicide among veterans and evidence of change in outcomes among veterans at risk for suicide. The data is collected to identify opportunities for continued support and development of new prevention programs.
