ENCLOSURE 3PROCEDURES

The following categories further describe the types of premium pay. Refer to References (g) and (h), and local timekeeping and/or similar guidance for additional information.

1. ON-CALL PAY

a. An employee officially scheduled to be on-call outside normal duty hours shall be paid an additional hourly premium of 15% of his/her hourly rate of basic pay for each hour in which the employee is officially in an on-call status outside the facility.

b. An employee on official Title 38 On-Call status must remain within the designated commuting distance, must remain fit for duty, and must be prepared to return to the place of work immediately upon notification to do so.

c. The Joint MTF or Center Director, without further delegation, must designate in writing which work units may use On-Call procedures for the civilian workforce. Within that work unit, the supervisor or department head may determine which employees may be scheduled for On-Call duty. An employee should not be scheduled to be On-Call unless it is essential for such an employee to be immediately available to return to duty.

d. If called back to work, On-Call ends and regular or overtime pay starts. Once the work is finished, the employee returns to On-Call status. Regardless of the duration of work, the time spent at work is deemed to be at least 2 hours for pay purposes.

2. WEEKEND DUTY PAY

a. Weekend duty pay is an additional 25% of the employee's hourly rate of basic pay for all hours of a tour of duty if any part of the tour falls between midnight Friday and midnight Sunday.

b. An employee can receive weekend premium pay for two separate tours of duty. For example, if a nurse works from 2200 Friday to 0600 Saturday, and then from 2200 Sunday to 0600 Monday, all 16 hours shall be paid at the weekend premium rate.

3. TOUR DIFFERENTIAL (NIGHT DUTY)

a. An eligible employee may receive an additional 10% of his/her hourly rate of basic pay for each hour in a tour of duty in which a minimum of 4 hours of that tour of duty falls between 1800 and 0600.

JAN 21 2015

b. If there are less than 4 hours between 1800 and 0600, the employee shall be paid additional pay for each hour of work performed between 1800 and 0600.

4. HOLIDAY PAY. Holiday pay is 100% of the employee's hourly rate of basic pay for hours of work performed on the holiday (0001 – 2400). Also, if an employee works overtime on a holiday, he/she shall be paid at the Holiday rate and not the overtime rate.

5. OVERTIME PAY. Title 38 overtime is 50% of the employee's hourly rate of basic pay, regardless of pay grade. The employee receives overtime rate for official work in excess of 40 hours in an administrative work week; more than 8 hours in a day; or in excess of an employee's established and approved alternative work schedule.

6. GENERAL TITLE 38 PREMIUM PAY RULES

a. Title 38 premium pay is based on an hourly rate of basic pay derived by dividing the employee's annual basic pay by 2,080 hours and rounded to the nearest whole cent, counting half cent and over as a whole cent.

b. For purposes of Title 38 premium pay calculations, an employee's rate of basic pay includes the basic pay supplement due to locality pay or special salary rate, whichever applies.

c. A covered employee on an official alternate work schedule shall receive overtime pay for hours of officially ordered and approved work in excess of their regularly scheduled tour of duty.

d. The bi-weekly and annual limitations on premium pay under Title 5 do not apply to employees covered by this Title 38 authority.

e. Title 38 premium pay is not considered basic pay for benefits purposes.

f. An eligible employee may request in writing and be granted compensatory time off in lieu of overtime pay, but they may not be required to accept compensatory time. This provision regarding compensatory time does not apply to intermittent employees.

g. Eligible employees can receive more than one type of premium pay for the same period of service. Under these circumstances, the amounts are calculated separately.

h. Work units in which shift work is performed shall ensure schedules are developed and monitored for the most effective use of Title 38 premium pay rules to ensure a consistent application of the rules and scheduling. Schedules must provide payroll/time and attendance with all the necessary information required to ensure accurate documentation of hours worked.

7. RECORD-KEEPING REQUIREMENTS. The Director of a medical or dental treatment facility or its equivalent and the affected Director of Personnel shall keep adequate records to evaluate the use of this authority as required by the Assistant Secretary of Defense for Health Affairs. Such records shall include:

- a. How the authority is used by the facility;
- b. The location of the facility;
- c. The type of occupations covered; and
- d. Any other pertinent data that may be required to evaluate the overall use of the authority by the DoD and Office of Personnel Management.
