

Winter 2016

Safety Supply Room Catalog

USAG West Point
Safety Office

WEST POINT SAFETY SUPPLY ROOM
STANDARD OPERATING PROCEDURE (SOP)

1. PURPOSE: This SOP has been developed to provide standard procedures for the operation of the facility known as the West Point Safety Supply Room.
2. SCOPE: This SOP is limited to the operation of the West Point Safety Supply Room.
3. APPLICABILITY: This SOP applies to all U.S. Army Garrison West Point military personnel, civilian employees, and visitors on official business. Tenant activities outside the Garrison organization may no longer patronize the Safety Supply Room, due to reduced operations and funding. The Safety Supply Room does not provide safety supplies to Cadets, contractors, residents, dependents or visitors not on official business.
4. The intent of the West Point Safety Supply Room is to:
 - a. Improve employee safety and health by increasing the availability of personal protective equipment and other safety items as required by the Army, the Occupational Safety and Health Administration (OSHA), and other consensus organizations or standards.
 - b. Ensure that the appropriate personal protective equipment and safety supplies are provided to Garrison and tenant employees for the hazards present in their workplaces.
 - c. Provide a venue for employees and supervisors to discuss safety needs at their workplaces with safety professionals.
 - d. Reduce the administrative burdens and costs of obtaining personal protective equipment and safety supplies by individual organizations.
 - e. Reduce the lifecycle cost of safety supplies through improved inventory management practices.
5. Operations:
 - a. Location. The Safety Supply Room is located in the Safety Office on the 5th floor of Building 667A.
 - b. Operating Hours. The Safety Supply Room is open from 0800 through 1600 Monday through Friday.
 - c. Telephone numbers.
 - (1) Voice: 845-938-3717
 - (2) Fax: 845-938-2192
6. Safety Supply Room Catalog:
 - a. The Safety Supply Room catalog is published and maintained by the Safety Office. The catalog is available at the Safety Office.

For More Information: 938-3717

b. The catalog provides a list of expendable items stocked in the Safety Supply Room, which is the mandatory source for these safety supplies for all Garrison Employees.

c. Customers may request changes to items listed in the catalog or the addition of new items. Any requests to change or add new items to the catalog are evaluated on the basis of hazard exposure, regulatory standards, feasibility, and facility limitations.

d. Due to reduced operations, the Safety Office will no longer replenish Safety Store items that go to zero balance, with a few exceptions. When this occurs, the Safety Office will update this catalog with mandatory source information under each item description for use by individual directorates to order these supplies using their own GPC cards. The Safety Store will continue to stock a limited selection of first aid/AED supplies and basic eye, ear, and head protective equipment.

7. Customer Procedures:

a. Supplies in the Safety Supply Room are issued to individual employees. Supplies are not issued in bulk quantities for distribution to other employees.

b. All Garrison military personnel and civilian employees with a valid CAC card are authorized to draw safety supplies from the Safety Supply Room. A CAC card is necessary to establish a customer account at the Safety Supply Room and for all subsequent "purchases".

c. The Safety Office uses an off-the-shelf automated retail supply system to account for stocked items, customer accounts, and supply management of the Safety Supply Room. A customer's CAC card is required to draw items from the Safety Supply Room. Receipts for purchases include the identification of the customer based on their CAC card bar code, as well as all of the safety items issued.

8. The Safety Supply Room is also used to support Automated External Defibrillators (AED) covered by the West Point Public Access Defibrillation (PAD) Program. Authorized customers (licensed health care professionals, Athletic Trainers, first responders, and CPR/AED instructors) may sign out AED trainers, AED mannequins, and expendable supplies (mouth shields, disinfectant wipes, etc.) required for employee APR/AED training. Batteries, electrode pads, and response kit components are also maintained in the event an AED is used and replacement is required. Contact Safety Office at extension 3717 for guidance on obtaining replacement parts. Do not bring an AED to the Safety Office until after you call and are given instructions.

9. Funding. The Safety Supply Room is a centrally funded item in the West Point Safety Office annual budget program. Garrison activities should include funds for safety items included in the Safety Supply Room Catalog in their 1-N list budget program.

10. Point of contact is the undersigned at extension 6129.

KEITH T. KATZ
Director
West Point Safety Office

TABLE OF CONTENTS

Due to the draw down and closure of the Safety Store, all product names shown in bold red type are out of stock and no longer available at the Safety Store. In this case, a source of supply is provided along with manufacturer name (MFR) and **part number (MFR P/N)**. **When the source is listed as “GSA Advantage” all you need to do is enter the part number in the search box on the main page at www.gsaadvantage.gov and click to initiate the search. Be sure to verify the manufacturer, part name and part number on the web site before placing an order.**

Battery, Medtronic LIFEPAK 500 AED
Description: Physio-Control OEM 12 V—7.5Ah,
Non-Rechargeable Li-SO₂ Battery

DO NOT PLACE ORDERS FOR THIS ITEM
Contact the West Point Safety Office for guidance.

Battery, Philips FR2+ AED
Item number: 30
Unit of Issue: Each

Battery, Philips FRx AED
Item number: 75
Unit of Issue: Each

Charge Pak, Medtronic CR+ AED
Description: Physio-Control OEM CR Plus
Battery/Electrode Kit—Adult only

DO NOT PLACE ORDERS FOR THIS ITEM
Contact the West Point Safety Office for guidance.

Electrode Pads, Medtronic LIFEPAK 500 AED

Description: LIFEPAK 500 Edge System Electrodes, Adult Pads with Quick-Combo connector

DO NOT PLACE ORDERS FOR THIS ITEM
Contact the West Point Safety Office for guidance.

Electrode Pads, Adult, Philips FR2+ AED
(8+ year old)

Item number: 28

Unit of Issue: Each

Electrode Pads, Child, Philips FR2+ AED
(Children under 8)

Item number: 29

Unit of Issue: Each

Electrode Pads, Philips FRx AED

Item number: 122

Unit of Issue: Each

Key, Infant/Child, Philips FRx AED
Insert key into Philips FRx AED to treat infant/
child <55 lbs.
Item number: 77
Unit of Issue: Each

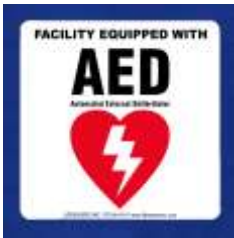

Sign, Wall Mount, AED Location
Item number: 25
Unit of Issue: Each

Tag, AED Inspection
Plastic tag, 3 1/4" x 5 1/2".
Item number: 101
Unit of Issue: Each

Watertight Case, for Philips AEDs
Hard-sided, watertight case designed to fit
Philips FR2/FRx defibrillators.
Item number: 120
Unit of Issue: Each

Window Decal, Adhesive, AED
Equipped Facility

Item number: 24

Unit of Issue: Each

Airway, Disposable, Little Anne
For CPR/AED training only.
Disposable non-rebreathing airway with one-way valve is changed after each class for maximum instructor convenience and student safety.
Item number: 106
Unit of Issue: Each

Electrode Pads, Training, Philips FRx
AED
Item number: 76
Unit of Issue: Each

Manikin, CPR/AED, Little Anne or Baby Anne
For loan to certified CPR/AED instructor only.
Little Anne or Baby Anne manikin, soft pack and airway. Manikin equipped with internal adapter for use with Philips FRx AED trainer.
Item number: 104 (Little Anne)
Item number: 135 (Baby Anne)
Unit of Issue: Kit

Manikin Adapter, External
Allows AED training electrodes to function during training simulations. Roll of 5/box
Item number: 78
Unit of Issue: Box

Manikin Adapter, Internal

For CPR/AED training. Permanently installed Internal system for use on Laerdal manikins that allows AED electrode training function without using external foil strip (Item 78).

Item number: 119

Unit of Issue: Each

Trainer, Philips FRx AED

For loan to certified CPR/AED trainers only. Includes trainer, pads external manikin adapter strip and case.

Item number: 118

Unit of Issue: Kit

Wallet Card, CPR & AED

Card illustrates adult one-rescuer CPR and use of AED on one side; warning signs of heart attack and appropriate actions on the other.

Item number: 107

Unit of Issue: Each

Wipe, Manikin

For CPR/AED training only.

Wipe is 5 1/2" x 7 1/2" unfolded and is soaked in 70% ethyl alcohol.

Item number: 105

Unit of Issue: Pkg of 50

AED, Cardiac Science G3

For loan to trained CPR/AED responders to support special events. Cardiac Science G3 defibrillator with adult & pediatric pads, pocket mask, razor and case. This item can be signed out for 30 days and must be returned.

Item numbers: 112, 113, 114

Unit of Issue: Each

Friends & Family CPR Anytime kit

American Heart Association DVD-based training kit that contains everything needed to learn or refresh basic CPR skills. This item can be signed out for 30 days and must be returned.

Item number: 56

Unit of Issue: Each

Bloodborne Pathogen Response Kit
Includes absorbent, germicidal & antiseptic wipes, mask, gloves, shovel, gown, shoe covers and biohazard bag in a hard case.

Item number: 4
Unit of Issue: Each

Burn Kit, Food Service
Includes burn dressings, burn gel and gauze in a hard case.

Item number: 33
Unit of Issue: Each

Burn Kit, Welding
Includes burn dressings, burn gel and gauze in a hard case. This kit differs from the Food Service s Kit in that it includes two larger burn dressings.

Item number: 34
Unit of Issue: Each

First Aid Kit, 24 Piece
Includes adhesive strips & tape, bandages, gauze, eye flush, antiseptic towelettes, first aid/burn cream, hydrocortisone cream, Oak N Ivy cleaner, sting-relief wipes, cold pack and nitrile gloves in a hard case.

Item number: 86
Unit of Issue: Each

Adhesive Strips
First aid kit refill.
1"x3" strip, box of 16
Item number: 87
Unit of Issue: Box

Adhesive Strips, XL, Flexible Fabric
First aid kit refill.
2" x 4 1/2" strip, box of 6.
Item number: 88
Unit of Issue: Box

Adhesive Tape
First aid kit refill.
1/2" x 2 1/2 yd roll, 2 rolls per box..
Item number: 100
Unit of Issue: Box

Antiseptic Towelettes
First aid kit refill.
For use without soap & water, box of 10.
Item number: 91
Unit of Issue: Box

Cold Pack

First aid kit refill.

One-use pack for relief of pain from sprains, strains, contusions, minor burns & insect bites. One per box.

Item number: 95

Unit of Issue: Box

Disposable Nitrile Gloves

First aid kit refill.

Size large, 2 pair per box.

Item number: 96

Unit of Issue: Each

Eye Flush & Dressing Pack

First aid kit refill.

Contains eye flush solution, 2 sterile eye pads and 2 adhesive eye strips in the box.

Item number: 99

Unit of Issue: Box

Fingertip Bandages, Flexible Fabric

First aid kit refill.

1 3/4" x 2" bandage, box of 10.

Item number: 90

Unit of Issue: Box

First Aid/Burn Cream Packets

First aid kit refill.

Helps prevent infection and provide temporary pain relief from minor cuts, scrapes & burns. 12 packets per box.

Item number: 92

Unit of Issue: Box

Gauze Pads

First aid kit refill.

3" x 3" pad, box of 4.

Item number: 97

Unit of Issue: Box

Hema-Seal Major Wound Bandage

First aid kit refill.

With compress and nitrile gloves in one box.

Item number: 94

Unit of Issue: Box

Hydrocortisone Anti-Itch Cream Packets

First aid kit refill.

Provides temporary relief from itching caused by minor skin irritations, inflammations & rashes. 12 packets per box.

Item number: 93

Unit of Issue: Box

Knuckle Bandages, Flexible Fabric
First aid kit refill.

1 1/2" x 3" bandage, box of 8.

Item number: 89

Unit of Issue: Box

Oak-Ivy Cleanser

First aid kit refill.

Box of 4..

Item number: 154

Unit of Issue: Box

Sting Relief Wipes

First aid kit refill.

Box of 10.

Item number: 151

Unit of Issue: Box

Triangular Bandage, Non-Sterile

First aid kit refill.

40" x 40" x 56" bandage with safety pins, box of 1.

Item number: 98

Unit of Issue: Box

Pocket Mask Kit, CPR, w/Oxygen Inlet
Includes mask with oxygen inlet and head strap, anti-
microbial wipes and examination gloves in a soft case.

Item number: 108

Unit of Issue: Each

Additive, Eyewash Concentrate
Makes up to 20 gallons of solution (enough for most self-contained eyewash stations).

Item number: 18

Unit of Issue: Each

Apron, Rubber

35" x 45", resists most chemicals.

Item number: 102

Unit of Issue: Each

Cleaning Kit, Eyewash

For use on all self-contained units.

Item number: 19

Unit of Issue: Each

Cleaning Wipes, Eyewear

Anti-static, anti fog, 100 pads/box

Item number: 12

Unit of Issue: Box

Cleaning Wipes, Respirator
Anti-septic, alcohol-free, 100 pads/box
Item number: 13
Unit of Issue: Box

Cloths, Fog Eliminator
Reusable Dry Anti-Fog Cloth, 1 pad/packet
Item number: 157
Unit of Issue: Each

Earmuff
25dB NRR or 24 dB NRR, over the head.
Item number: 8 (25 NRR)
Item number: 116 (24 NRR)
Unit of Issue: Each

Earmuff, Replacement Cushions
Replacement cushions for Item 8.
Item number: 9
Unit of Issue: Pair

Earplug, small

Reusable, triple flange, green, 26 NRR, with insertion tool and case. Employee must be fitted by audiology first to obtain ear size.

Item number: 20

Unit of Issue: Pair

Earplug, medium

Reusable, triple flange, orange, 26 NRR, with insertion tool and case. Employee must be fitted by audiology first to obtain ear size.

Item number: 21

Unit of Issue: Pair

Earplug, large

Reusable, triple flange, blue, 26 NRR, with insertion tool and case. Employee must be fitted by audiology first to obtain ear size.

Item number: 22

Unit of Issue: Pair

Face Shield

Ratcheting headband adjustment. This is not eye protection. Safety glasses/goggles must be worn underneath.

Item number: 103

Unit of Issue: Each

Glasses, Safety, Clear

Fully adjustable for temple bar length and angle of lens. Can be worn over prescription eyewear.

Item number: 45

Unit of Issue: Each

Glasses, Safety, Gray Tinted

Fully adjustable for temple bar length and angle of lens. Can be worn over prescription eyewear.

Item number: 46

Unit of Issue: Each

Glove, Cut Resistant

Lightweight, cut resistant, ambidextrous glove (not cut or puncture proof) used for handling sharp or jagged parts.

Item number: 35 (medium)

Item number: 36 (large)

Item number: 37 (x-large)

Glove, Cut-Resistant, Coated

Cut-resistant knit glove with a polyurethane coating that provides a positive grip in oils and dry.

Item number: 68 (sz 6), 69 (sz 7), 70 (sz 8),

71 (sz 9), 72 (sz 10), 73 (sz 11)

Unit of Issue: Pair

Glove, Nitrile (4 mil)

4 mil thick, low powder, 9.5" long. Protection against a variety of chemicals, greases, oils and bloodborne pathogens. Box of 100.

Item number: 14 (large)

Item number: 15 (x-large)

Unit of Issue: Box

Glove, Nitrile (8 mil)

8 mil thick, low powder, 9.5" long. Protection against a variety of chemicals, greases, oils and bloodborne pathogens. Box of 50.

Item number: 16 (large)

Item number: 17 (x-large)

Unit of Issue: Box

Glove, Thermal-Lined, Gripping

Insulated, latex coated gloves provide warmth and excellent grip in cold operations.

Item number: 64 (Sm), 65 (Med), 66 (Lg), 67 (XL)

Unit of Issue: Pair

Goggle, Chemical Splash

Item number: 83

Unit of Issue: Each

Goggle, Chemical Splash, Lens Replacement

Clear replacement lens for Item 10.

Item number: 11

Unit of Issue: Each

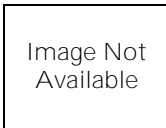

Hardhat

Grey, Type II, Class E (rated for electrical work), ratchet adjustable suspension

Item number: 5

Unit of Issue: Each

Hard Hat, Replacement Liner

Replacement foam liner for Item 5

Item number: 7

Unit of Issue: Each

Hard Hat, Replacement Suspension

Replacement ratchet suspension for Item 5.

Item number: 6

Unit of Issue: Each

Harness, Full Body

Polyester webbing with back D-Ring. Weight capacity 400 pounds. Tensile strength 6000 pounds. Green.

Item number: 149

Unit of Issue: Each

Lanyard, Shock Absorbing

Polyester with locking hook snap. Working length 4 to 6 feet. Weight capacity 310 pounds. Tensile strength 5000 pounds. Green.

Item number: 150

Unit of Issue: Each

Respirator, Particulate, N100

For mail handlers only. 3M brand N100 particulate mask with exhalation valve. Individual must show proof of medical evaluation, training and fit testing in the form of a Safety Office-issued *Respirator User Card* to purchase.

Item number: 111

Unit of Issue: Each

Respirator Storage Bag, Vinyl, Clear

For use with non-disposable half-face and full-face respirators. Must have a Safety Office-issued *Respirator User Card* to purchase.

Item number: 32

Unit of Issue: Each

Vest, High Visibility, Reflective
Velcro fastener. Size S, M, XL, 3XL
Item number: 85 (S)
Item number: 38 (M)
Item number: 132 (XL)
Item Number: 153 (3XL)
Unit of Issue: Each

Lockout, Ball Valve
Adjustable lockout for use on pipes 1/2"-2 1/2"
in diameter, red.
Item number: 48
Unit of Issue: Each

Lockout, Circuit Breaker
Clamp-on lockout that fits many 120-277 volt
single pole breakers, red.
Item number: 51
Unit of Issue: Each

Lockout, Circuit Breaker
Lockout that fits many 120 volt single pole
breakers, red.
Item number: 52
Unit of Issue: Each

Lockout, Circuit Breaker
Universal lockout that fits many multi-pole
breakers, red.
Item number: 58
Unit of Issue: Each

Lockout, Gate Valve, Red
**Small fits valve handles 1"-2 1/2" diameter,
medium fits valve handles 2 1/2"-5" diameter.**

Item number: 49 (small)

Item number: 50 (medium)

Unit of Issue: Each

Padlock

For Lockout/Tagout use only. Two inch shackle, red bumper, each lock keyed differently.

Item number: 59

Unit of Issue: Each

Padlock Hasp, Lockout/Tagout

Steel, 1 1/2" jaws, red, accommodates 6 locks.

Item number: 47

Unit of Issue: Each

Tag, Lockout/Tagout

Heavy-duty laminated tag that fits on padlock shackle to identify an isolated source of hazardous energy. Package of 25.

Item number: 60

Unit of Issue: Pkg

Tag, Lockout/Tagout

Polyester tag that fits on padlock shackle to identify an isolated source of hazardous energy.

Item number: 130

Unit of Issue: Each

Sign, Caution, 7" x 10"

Self-stick vinyl sign reads "Floor slippery when wet."

Item number: 126

Unit of Issue: Each

Sign, Caution, 7" x 10"

Self-stick vinyl sign reads "Hearing protection required in this area."

Item number: 127

Unit of Issue: Each

Sign, Warning, 7" x 10"

Self-stick vinyl sign reads "Warning-Be sure cylinder is properly supported and capped."

Item number: 123

Unit of Issue: Each

Sign, Warning, 7" x 10"

Self-stick vinyl sign reads "Eye protection required in this area."

Item number: 124

Unit of Issue: Each

Sign, Warning, 7" x 10"

Self-stick vinyl sign reads "Eye protection required in this area."

Item number: 125

Unit of Issue: Each

Sign, Eye Wash Station, 7" x 10"

Self-stick plastic sign reads "Emergency Eye Wash Station-Keep Area Clear."

Item number: 128

Unit of Issue: Each

Sign, Fire Extinguisher

Self-adhesive 4" X 18" sign used to identify the location of a permanently mounted extinguisher.

Item number: 27

Unit of Issue: Each

Sign, Wet Floor, Collapsible

Yellow 20" pop up safety cone that reads "Caution" with slippery when wet pictogram.

Includes wall mount.

Item number: 81

Unit of Issue: Each

Tag, Emergency Shower/

Eye Wash Inspection

Heavy-duty laminated tag with nylon ties used to document weekly (permanently plumbed) or monthly (self-contained) inspection of units.

Item number: 131

Unit of Issue: Each

Tag, Fire Extinguisher Inspection

Heavy-duty laminated, tag with nylon ties used to document monthly inspections. Package of 5.

Item number: 84

Unit of Issue: Pkg

Tag, Gas Cylinder

Yellow cardstock tag with wire tie used to indicate the status of a gas cylinder. Perforated sections tear off to indicate full, in use, or empty.

Item number: 152

Unit of Issue: Each

Tag, Ladder Inspection

Heavy-duty laminated tag with nylon ties.

Package of 5.

Item number: 57

Unit of Issue: Pkg

Tag, Out of Service

Yellow cardstock tag with string ties used to remove unsafe equipment from service. Package of 25.

Item number: 74

Unit of Issue: Pkg

Tape, Barricade

Yellow plastic tape 3" wide x 1000' long x 4 mil thick roll. Reads "Caution Do Not Enter."

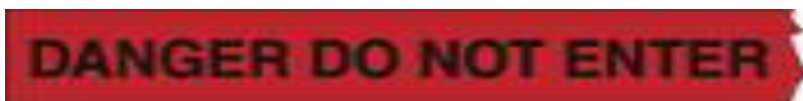

Item number: 42 Unit of Issue: Roll

Tape, Barricade

Red plastic tape 3" wide x 1000' long x 4 mil thick roll. Reads "Danger Do Not Enter."

Item number: 43 Unit of Issue: Roll

Bracket, Gas Cylinder, Bench Mount
Cast aluminum. Holds cylinders with diameters 4 to 14 inches.

Item number: 145

Unit of Issue: Each

Bracket, Gas Cylinder, Wall Mount
Polyethylene. Holds cylinders with diameters of 3 to 14 inches.

Item number: 144

Unit of Issue: Each

Bracket, Fire Extinguisher, Wall Mount, Red
Replacement hangers for 10 or 15 pound fire extinguishers. Anchor bolts are not included.

Item number: 146 (10 pound)

Item number: 147 (15 pound)

Unit of Issue: Each

Can, Combustible Liquid Storage, Yellow
