

## Virtual & Simulated Environments Training Challenge

### If you've thought:

I wish my training was more interactive—I'd like to experiment with scenarios, instead of just reading about them on paper.

There are training gaps in the DON that could be filled by virtual or simulated capabilities.

There are a few great simulation capabilities that could be expanded.

**Is there anything I can do about this?**

### Then you should:

Register for the NIN's online crowdsourcing forum, The Hatch.

Submit your ideas to the Virtual Training and Simulation Challenge.

Comment and vote on ideas from other innovators.

See the best and brightest ideas come to life when they get voted into the SECNAV's Virtual Training POAM.

*THE HATCH* is open 28 Jul-28 Aug 2015
