NHI's FY 2010 Annual Report

NHI produces a performance report each year to provide customers with comprehensive information regarding course, instructor, and participation data. The FY 2010 edition of the report also includes information about important projects, innovations, and outreach efforts that communicate NHI's other key milestones and accomplishments.

The first half of the report provides detailed information about participation numbers across program areas and delivery types, and highlights NHI's courses and instructors of excellence. The second half describes NHI's new partnerships with transportation organizations, the Web site redesign project, and the various transportation conferences NHI attended in 2010.

Please visit the [NHI Web site](#) to read the complete report.

July Training Sessions

Interested in taking an NHI training in July?

There are more than 20 NHI courses currently scheduled across the country in the month of July. The following are just a few of the courses that will be offered.

- [Bridge Inspection Refresher Training \(130053\)](#)
- [NEPA and Transportation Decisionmaking \(142005\)](#)
- [Leap Not Creep: Accelerating Innovation Implementation \(134073\)](#)

Visit the [NHI Web site](#) to see a complete list of next month's training sessions.

If you can't make it to any of NHI's in-person, Instructor-led trainings, you can always take a self-paced, Web-based training (WBT). NHI now offers more than 100 WBTs. Click [here](#) to see a

complete list of NHI's WBTs.
