## Federal Lands Access Program (FLAP)

Improving access to and within Federal and tribal lands

# Colorado

MAP-21 Funding Authorized:

FY 2013: \$16,671,184

FY 2014: \$16,796,418

Federal land acreage as percentage of total State area: 36 percent

Federal public road miles: 4,881

Number of Federal public bridges: 154

Recreational visitation: 44,616,387 visitors per year

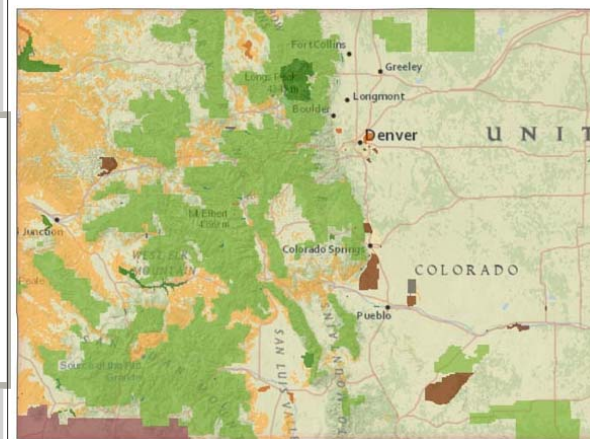

### Highlighted Project: *Guanella Pass Road*

**To Be Constructed:** FY 15

### Success Story:

Park County Road 62 (Guanella Pass Road) starts in Grant, CO, intersecting U.S. Highway 285 and heads north over Guanella Pass and into Georgetown, CO, near Interstate 70. Guanella Pass Road is one of the premier high mountain roadways close to Denver. The project consists of major grading, retaining walls, drainage improvements, and placement of aggregate base and hot asphalt concrete paving of 6.4 miles of Guanella Pass Road. The focus of the project is improving the condition of the roadway while minimizing overall environmental impacts associated with poor drainage, raveled aggregate surfacing and wash boarding.

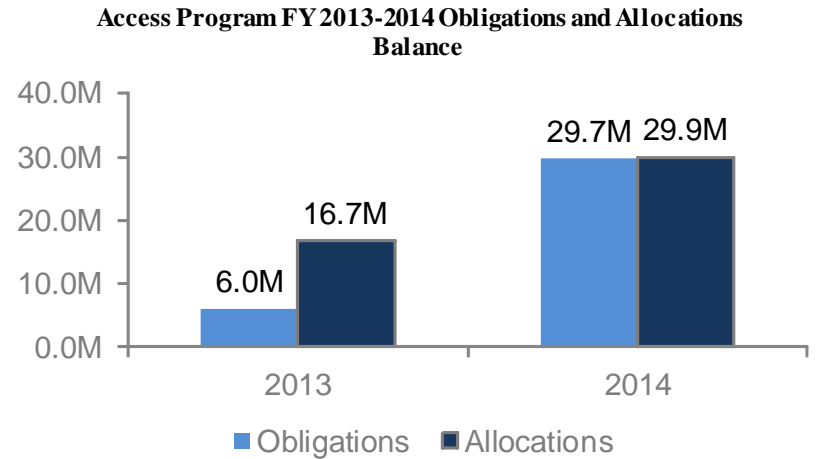

This project, additionally, was successful in utilizing the State of Colorado toll credits as FLAP match, becoming the first State to utilize this innovative financing option. This Forrest Highway project reflects the successful and longstanding partnership between FHWA, USFS, Park County, and the State of Colorado.

*Guanella Pass Road, Pre-Construction*

**FLAP Project Selection Process**

| Call for Projects             | Number of Applications Received | Total Access Program Funds Requested |
|-------------------------------|---------------------------------|--------------------------------------|
| March 15, 2013 - May 15, 2013 | 39                              | \$145,674,377                        |
