Federal Lands Access Program (FLAP)

Improving access to and within Federal and tribal lands

Hawaiï

MAP-21 Funding Authorized:

FY 2013: \$263,333

FY 2014: \$265,311

Federal land acreage for the five core FLMAs: 9.57 percent

Federal public road miles: 106

Number of Federal public bridges: 1

Recreational visitation: 7,791,631 visitors per year

Highlighted Project: *Hoolapa Bridge*

To Be Constructed: FY 15

Success Story:

This bridge provides primary vehicular access to the James Campbell National Wildlife Refuge by way of Kamehameha Highway. The project will allow continued access for the staff necessary to manage important habitats and for visitors to enjoy. The project will replace the existing deficient bridge built in 1931 with a new structure that meets current design standards. The structure will be widened, lengthen, include bridge railings that will redirect errant vehicles, meet current seismic design criteria, eliminate possibility of pier scour, include wider shoulders for pedestrian and bicycles, and be designed to accommodate present day vehicular loads.

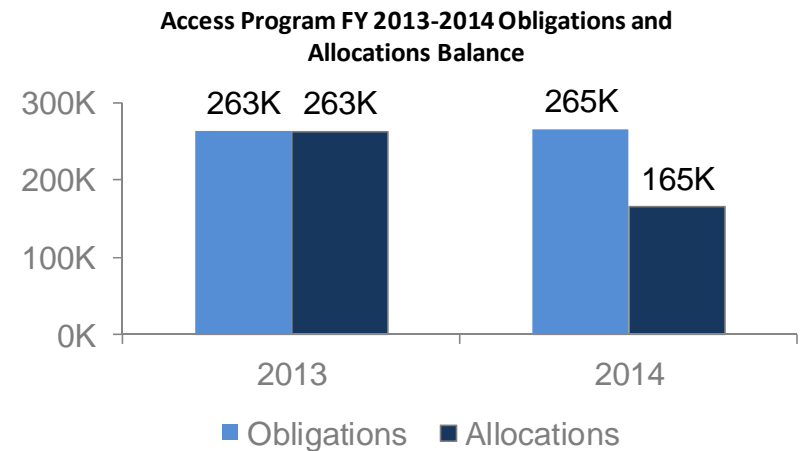

This project represents successful collaboration with the Hawaii Department of Transportation as this project has been included on the State Transportation Improvement Program and through the FLAP project delivery was accelerated.

Hoolapa Bridge, Pre-Construction

FLAP Project Selection Process

| Call for Projects | Number of Applications Received | Total Access Program Funds Requested |
|-------------------------------|---------------------------------|--------------------------------------|
| June 16, 2013 - July 19, 2013 | 1 | \$263,000 |
| May 19, 2014 - June 18, 2014 | 3 | \$525,311 |

FLAP Program of Projects*

| Project Name | Improvement Type | FLMA Accessed | Federal Land's Unit | Delivery Year | Delivery Agency | Owner Agency |
|---|------------------------------------|---------------|--|---------------|-----------------|-----------------------------|
| Hoolapa Stream Bridge | 4R Bridge— preliminary engineering | FWS | FWS— James Campbell Fish and Wildlife Refuge | 2015 | CFLHD, FHWA | Hawaii DOT |
| Pearl Harbor Multimodal Connections Study | Technical Feasibility Study | NPS | NPS— Valor in the Pacific National Monument | 2015 | CFLHD, FHWA | City and County of Honolulu |
| Kilauea Bike/ pedestrian access study | 4R Bridge— preliminary engineering | FWS | FWS— Kilauea Point | 2015 | CFLHD, FHWA | County of Kauai |
