FLAP Project Selection Process

Each FLAP project is selected from a pool of applications submitted by the facility owner in response to a Statewide call for projects. The applications are screened, rated, and ranked using PDC approved rating criteria. The PDC unanimously agreed which projects met the established State program goals and conformed with the project ranking criteria contained in the "Call for Projects SOP." Based upon these evaluations, the proposed projects are recommended for programming within the available funding for each State.

Memorandum of Agreements (MOA) are coordinated and executed for each programmed project prior to obligation of FLAP funds. There was one call for projects that generated two applications totaling \$475,618 funds requested, however, one application was disqualified and the other could not determine the delivery agent.

Access Program FY 2013-2014 Obligations and Allocations Balance

- Forest Service
- Department of Defense
- Bureau of Land Management
- Fish and Wildlife Service
- National Park Service
