

U.S. Department of Transportation
Federal Highway Administration
 Office of Federal Lands Highway

Mission: Improving transportation to and within Federal and tribal lands by providing technical services to the highway transportation community.

This report only includes **FY 13** and **FY 14**.

If you have questions, please contact:
George Fekaris, Transportation Planner,
 (360) 619-7766, georgg.fekaris@dot.gov

Pete Field, Acting FLAP Manager,
 (360) 619-7619, peter.field@dot.gov

Programming Decision Committee (PDC) members:

Phyllis Chun, FHWA Representative
phyllis.chun@dot.gov

Bob Bryant, State Representative
robert.w.bryant@odot.state.or.us

Emily Ackland, Local Representative
eackland@ocweb.org

Federal Lands Access Program (FLAP)

Improving access to and within Federal and tribal lands

Oregon

MAP-21 Funding Authorized:

FY 2013: \$22,078,490

FY 2014: \$22,244,345

Federal land acreage for five core FLMAs: 52 percent

Federal public road miles: 6,964

Number of Federal public bridges: 751

Recreational visitation: 36,505,809 visitors per year

Success story: Tiller Trail Highway

The Tiller Trail Highway provides access to 360,000 acres of the Umpqua National Forest and the Tiller Ranger District. Visitors use the road to reach Crater Lake National Park, South Umpqua Falls, and Lost Creek Reservoir. The highway provides access to several sites used by the Cow Creek Band of the Umpqua Tribe and to recreational activities such as camping, hiking, boating, hunting, and fishing.

The portion of the highway owned and maintained by Douglas County has experienced severe differential settlement over the past few years, causing rough road conditions and requiring extensive annual maintenance. Currently under construction, this project is rehabilitating approximately 1,100 feet of pavement and stabilizing the road bed; correcting poor vertical alignment; and improving drainage.

The Oregon PDC looks for projects where the investment level of FLAP funding is proportional to the percentage of traffic directly related to federal lands. The PDC chooses projects that preserve existing Federal lands access and restore the serviceability of the assets; and prevent the loss of important access that can happen through such events as bridge closures or landslides. The program places less emphasis on new facilities, focusing instead on maintaining capacity or enhancements to existing facilities. This project meets the PDC goal to preserve access to high use Federal recreation sites and economic generators.

Tiller Trail Highway, Douglas County, Oregon

FLAP Project Selection Process

PDC approves WFL to issue a request for proposals (RFP) for certain types of projects, WFL conducts informational webinar, proposals for projects are submitted to WFL, eligible project proposals are ranked by Technical Advisory Group (TAG) made up of FLMAs and WFL staff, TAG makes preliminary recommendations to PDC, TAG performs field reviews for some projects, TAG collects additional data and makes final recommendations to PDC, PDC makes final programming decision on project proposals and awards FLAP funds to projects.

The Oregon PDC issued a RFP in 2013 for capital, enhancement, transit, planning and research projects and another RFP in 2014 for preventive maintenance projects. Project selection factors include: high use federal recreation sites, economic generators, safety, environmental quality, readiness, preservation of existing access and serviceability. The total FLAP funds requested from the 2013 and 2014 RFPs was \$145,573,739. The Oregon PDC is on a 2-year cycle for issuing RFPs, the next one is scheduled for 2015.

Access Program FY 2013-2014 Obligations and Allocations Balance

FLAP Program of Projects*

Project Name	Improvement Type	FLMA Accessed	Federal Land's Unit	Delivery Year	Delivery Agency	Owner Agency
Mt. Hood City of Sandy Transit Service Expansion	Operation and maintenance of transit facilities	FS/BLM	FS - Mt Hood Forest/ BLM - Prineville District	2013	City of Sandy	Clackamas County/ City of Sandy
Mt. Hood Mountain Express Transit Service Expansion	Operation and maintenance of transit facilities	FS/BLM	FS - Mt Hood Forest/ BLM - Prineville District	2013	Clackamas County	Clackamas County
Columbia River Trail/Starvation Creek to Hole in the Wall Falls	Facilities for Pedestrians and Bicycles	FS	FS - Mt Hood National Forest	2014	Western Federal Lands Highway Division, FHWA	Oregon DOT
George Millican Road Improvements	4R Maintenance-Restoration and Rehabilitation	BLM	BLM - Prineville District	2014	Crook County	Crook County
Highway 140, Ritter Road	4R Maintenance-Restoration and Rehabilitation	FS	FS - Umatilla National Forest	2014	Oregon Department of Transportation	Oregon DOT
