Federal Lands Access Program (FLAP)

Improving access to and within Federal and tribal lands

South Dakota

MAP-21 Funding Authorized:

FY 2013: \$1,159,909

FY 2014: \$1,168,623

Federal land acreage for the five core FLMAs: 9.82 percent

Federal public road miles: 882

Number of Federal public bridges: 39

Recreational visitation: 10,804,919 visitors per year

Highlighted Project: *Cottonwood Road*

To Be Constructed: FY 15

Success Story:

Cottonwood Road will provide access to the new National Park Service (NPS) Minuteman Missile National Historic Site Visitor Center/Museum, and the Buffalo Gap National Grassland and Badlands National Park.

This road transitions from paved to gravel surface several hundred yards north of Interstate 90. This transition coupled with the rate of speed vehicles are driving causes drivers to lose control on the gravel surface, especially when road is covered in snow. Additionally, the existing pavement section exhibits severe cracking to where its existing condition cannot support or sustain continued or increased vehicular traffic.

The proposed road will also be wider than the existing providing two-way vehicle operations, and will be raised higher reducing the chance of roadway overtopping. This project will provide a safe facility for visitors and residents to enjoy this National Wildlife Refuge for years to come.

Cottonwood Road, Pre-Construction

FLAP Project Selection Process		
Call for Projects	Number of Applications Received	Total Access Program Funds Requested
March 1, 2013 — May 30, 2013	7	\$2,824,026

Year	Obligations	Allocations
2013	2.0M	2.0M
2014	0.1M	0.3M

FLAP Program of Projects*

Project Name	Improvement Type	FLMA Accessed	Federal Land's Unit	Delivery Year	Delivery Agency	Owner Agency
Hill City - Lead (Deerfield Road)	4R Maintenance-Restoration and Rehabilitation	FS	FS -Black Hills National Forest	2014/2015	CFLHD, FHWA	Lawrence County
