6. MODES OF TRANSPORTATION AUTHORIZED. Cargo-aircraft only.
7. SAFETY CONTROL MEASURES. Packaging, marking, labeling and loading are as prescribed for the specific material in accordance with the requirements of 49 CFR.
8. SPECIAL PROVISIONS.
 - a. The carrier must conform to the requirements of 49 CFR 175.320(b).
 - b. A copy of this exemption must be carried aboard the aircraft used to transport packages covered by this exemption.
 - c. No other cargo is authorized aboard the aircraft, except for certain nonhazardous Rocket Launchers.

- d. Shipment is to originate at Travis Air Force Base, California with a stop for refueling at Elmendorf AFB, Alaska destined for Pusan, Korea.
- e. This exemption does not grant authority to use foreign controlled airspace or airports outside the United States.
- f. Flight plan. The operator of the aircraft shall include the following information in the "Remarks" section of each flight plan when the provisions of this exemption are exercised:
1. The classification of each explosives aboard the aircraft, and
 2. The net weight of each class of explosives aboard the aircraft.
- g. The explosives must be loaded aboard the aircraft in accordance with the procedures established by the Department of Defense.
- h. Upon completion of the shipment made under this exemption, a copy of the air bill must be forwarded to the Associate Administrator for Hazardous Materials Safety, Exemptions Program within 10 days.
9. REPORTING REQUIREMENTS. Any incident involving fire, explosion, or loss of packaging contents or packaging failure must be reported to the Associate Administrator for Hazardous Materials Safety as soon as practicable.
10. EXPIRATION DATE. September 1, 1991, or upon completion of one shipment, whichever occurs earlier.
