Re: Our Remediation and Integrity Action

Plan

Dear Mr. Nyce:

We have received your Remediation and Integrity Action Plan (Plan) dated, February 17, 2000. We reviewed the Plan and found it acceptable. We think this Plan addresses the pipeline integrity concerns raised by our review and the concerns of the Environmental Protection Agency resulting from the leak reported to us near the Philadelphia Airport on February 5, 2000. It will also ensure a long time safe service to the pipe being relocated at the airport. We expect you to execute this Plan within the time periods identified and we will routinely monitor your progress. Thank you for your cooperation.

Sincerely,

**William H. Gute
Director, Eastern Region
Office of Pipeline Safety**
