What's New

Friday, June 12, 2015

March 2015 U.S. Airline Traffic Data
The U.S. Department of Transportation's Bureau of Transportation Statistics (BTS) reported today that U.S. airlines' systemwide (domestic and international) scheduled service load factor – a measure of the use of airline capacity – fell to 83.5 percent in March, seasonally-adjusted, declining after rising for three consecutive months.

Thursday, June 11, 2015

April On-Time Performance Up, Cancellations Down From Previous Year, March 2015
The nation's largest airlines posted an on-time arrival rate of 81.8 percent in April, up from both the 79.6 percent on-time rate in April 2014 and the 78.7 percent mark in March 2015, according to the U.S. Department of Transportation's Air Travel Consumer Report released today.

Wednesday, June 10, 2015

April 2015 Freight Transportation Services Index (TSI)
The Freight Transportation Services Index (TSI), which is based on the amount of freight carried by the for-hire transportation industry, fell 1.8 percent in April from March, declining after an increase in the previous month, according to the U.S. Department of Transportation's Bureau of Transportation Statistics.
